REQUEST FOR A CANADIAN PASSPORT WITHOUT PLACE OF BIRTH

A

I, _____ ,

am applying for a new passport and I do not wish my place of birth to be shown in the passport.

I have been advised by the Passport Program, Immigration, Refugees and Citizenship Canada (IRCC) that I may encounter difficulties with the officials of other countries such as additional questioning, the requirement to obtain a visa that would not be required if the passport showed my place of birth, or denial of entry, if the passport does not show my place of birth.

I understand that I will have to apply for a new passport at my expense if I wish my place of birth inscribed in my passport.

B

I, _____ ,

am applying for a new passport on behalf of

_____ ,

who is under the age of 16, and I do not wish their place of birth to be shown in the passport. I am aware of the warnings provided in section A above.
