

COVID-19 rapid tests are now available at

Test your employees, help protect your business.

As businesses safely reopen and vaccination rates increase, continuing to test and screen for COVID-19 can help prevent outbreaks, maintain safe workplaces and keep the economy running.

is distributing rapid tests to small and medium-sized businesses and non-profit organizations like yours to help you implement workplace screening for your employees.

Workplace screening is easy to set up and requires minimal resources.

Rapid tests

- use a nasal swab

- are safe and easy to use

- produce results within 15 minutes

- should be administered at least twice a week

Combined with existing public health measures, rapid tests can help:

- identify employees who may be infected with COVID-19 but have no symptoms
- protect your workers, customers and community
- limit the spread of COVID-19
- keep businesses open

Help protect your business by ordering rapid tests today

Small and medium-sized enterprises (SMEs) can access rapid tests by contacting participating pharmacies directly.
