DIRECTOR GENERAL DEFENCE SECURITY

# Travel and Contact Security program

The Travel and Contact Security (TCS) program exists to educate and inform DND employees and CAF members who are travelling out of the country, whether on business or personal travel, of threats and vulnerabilities that may jeopardize their safety.

## Did you know?

In accordance with NDSOD Standard 4D Travel and Contact Security submitting a Notice of Intent to Travel is **MANDATORY** for all duty / business travel and **ENCOURAGED** for all non-duty / personal travel.

### Benefits of submitting a **Notice of Intent to Travel (NOIT)**:

**Receive country specific briefings**

**Emergency contacts**

**Up to date emergency notification while away**

## Travelling with a cellular device:

All travel **outside of Canada** with a DND issued cellular phone **must be approved** by your Director General/ equivalent/delegated authority, prior to travel.

International Travel Services (ITS) replaces the Mobile Travel Device service for providing mobile phones for international travel to high-risk locations. This service provides specially configured smartphones with five different levels of security policies available that can be chosen based on travellers and security needs. Contact the Director General Defence Security (DGDS), Travel and Contact Security (TCS) for further information and to determine if the country you are travelling to is considered to be high-risk level.
