

Atlantic Canada's Momentum is powered by  
**TECHNOLOGY, CRITICAL MINERALS  
AND GREENING THE ECONOMY**

**CLEAN  
TECH AND  
ENERGY**

**Point Tupper, N.S.:**

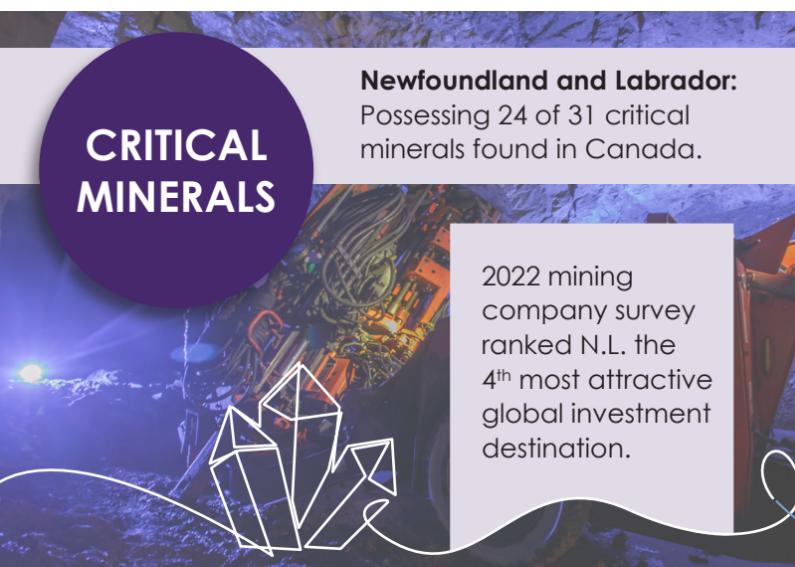

North America's first green hydrogen facility, valued at over \$6 billion.

**Project Nujio'qonik, N.L.:**

One of the world's first wind-to-green-hydrogen projects, online in 2025.

**Bridgewater, N.S.:**

Michelin is investing \$300 million to boost EV tire production, making Nova Scotia's largest exporter an even bigger player on the global stage.

**CRITICAL  
MINERALS**

**Newfoundland and Labrador:**

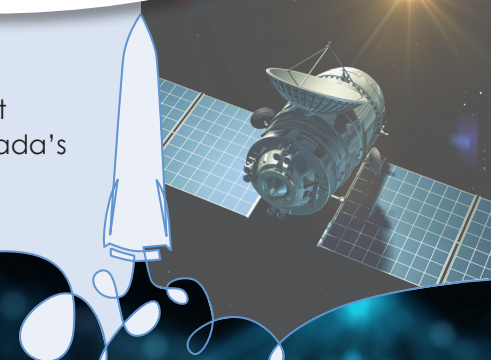

Possessing 24 of 31 critical minerals found in Canada.

2022 mining company survey ranked N.L. the 4<sup>th</sup> most attractive global investment destination.

**Guysborough, N.S.:**

Home to Spaceport Nova Scotia – Canada's first commercial spaceport.

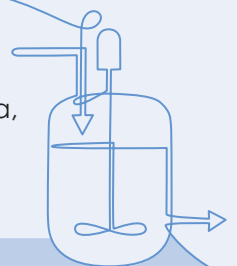

**HI-TECH**

**Fredericton, N.B.:**

A cybersecurity hub, home to the Canadian Institute for Cybersecurity, the Cyber Centre complex, and global cybersecurity leaders like

- IBM
- Bulletproof Solutions
- Gray Wolf Analytics

**Cape Breton, N.S.:** Home to one of only three bioreactors in Canada, helping innovative SMEs in the bioscience sector scale-up.

**Prince Edward Island:**

Bioscience has quadrupled in size since 2012, attracting \$96 million in new investment, generating revenues of over \$575 million, and boasting 65 companies employing over 2,300 skilled workers.
