| Next report is due on this date : |  |  |  |  |  |

The reporting calendar shows two calendar weeks side by side. Each calendar week has three columns. The first column identifies the day of the week from Sunday to Saturday. The second column allows you to enter your hours for each day of the week, and the third column allows you to enter your earnings (gross - before deductions) for each day of the week. At the bottom of each week there are boxes to enter the totals and a line to enter the due date of your next report.
*This calendar should only be used as a calculation tool and cannot be presented as an actual report.
