### TIPS

- Leeks need to be thoroughly cleaned. Trim the roots and some of the dark green tops off. Cut in half lengthwise and wash well.
- Little chefs can help you spoon the mixture into a casserole dish and sprinkle the cheese and parsley on top.
- Get ahead of the game. The night before, complete step one and the first part of step two, then refrigerate overnight. Pop it in the oven for dinner the next day, increasing the bake time by 5 to 10 minutes.
- This casserole is versatile, so you can use whatever veggies you have on hand. No broccoli? No worries. Use cauliflower instead. Swap peas for corn.
