## T2 filing made easy

### ***Did you know...***

That you can file corporation income tax returns electronically from your desktop computer? The benefits of using the Corporation Internet Filing service include receiving an immediate confirmation of receipt and faster processing and refunds. Join us in creating a sustainable environmental footprint by reducing our paper consumption.

Tax professionals can use their EFILE number and password to file eligible corporation income tax returns on behalf of their clients. Need to pay a balance owing? Many businesses find it convenient to use their financial institution's Internet or telephone banking service.

For more information on filing a T2 return electronically, visit [www.cra.gc.ca/corporation-internet](http://www.cra.gc.ca/corporation-internet).

You can also view the status of a return and access the account balance and transactions, and other services for corporation income tax accounts online. For more information, visit [www.cra.gc.ca/mybusinessaccount](http://www.cra.gc.ca/mybusinessaccount).
