## Join thousands of volunteers across Canada!

You don't need to be a tax expert to help people. As a volunteer at a free tax clinic, you will:

- complete tax returns for adults 65 years and older, Indigenous Peoples, newcomers, students, and others
- help tax filers get important benefit and credit payments
- be provided with volunteer training, software, and dedicated help line

### Volunteer at a free tax clinic

You can choose to do taxes in person or virtually, by videoconference, by phone, or through a drop-off clinic.
