

Information on the new Form T2203, *Provincial and territorial taxes for 2001 – Multiple jurisdictions*

Provincial or territorial income tax relating to business income is generally payable to the province or territory where the permanent establishment generating that income is situated.

There are situations where, at the end of the year, a person resides in a province or territory of Canada, but all or part of the person's business income for the year was earned and can be allocated to a permanent establishment outside that province or territory, or outside Canada. If this is your case, you have to determine the part of your total provincial or territorial tax that is payable to the jurisdiction where you reside and to the other jurisdictions in Canada.

The same rules apply if you were a non-resident of Canada throughout 2001 who carried on business in more than one province or territory in Canada.

Tax on income (TONI) and multiple jurisdictions

When tax is payable to multiple jurisdictions, with TONI, progressive provincial/territorial tax rates are applied to the taxable income from all sources and, with certain restrictions relating to residency, non-refundable and some other tax credits are fully allowed to calculate a "basic provincial/territorial tax." The basic tax is then reduced proportionally, by applying the percentage of income allocated to that province or territory.

We have redesigned Form T2203 to accommodate this calculation for the province or territory of residence and for all jurisdictions where business income was earned. It now contains modified versions of Form 428 for all provinces and territories, and the related schedules that you need to calculate your provincial/territorial taxes for 2001.

New Form T2203

You will find in this book one copy of Form T2203, *Provincial and territorial taxes for 2001 – Multiple jurisdictions*. It includes the following components:

- Part 1 – Allocating income to multiple jurisdictions (common to all, complete in all cases);
- Part 2 – Federal surtax on income you earned outside Canada and refundable Quebec abatement (complete if income is allocated to Quebec or to "Other";
- Part 3 – Non-refundable tax credits (complete if income is allocated to Newfoundland, Prince Edward Island, Nova Scotia, Ontario, Saskatchewan, Alberta, or British Columbia);
- Part 4 – Provincial tax (multiple jurisdictions) (a section equivalent to the regular provincial Form 428 for each province and territory, complete using Schedule S2 and Schedule S11, and provincial worksheets for each province listed in Part 3);
- Part 5 – Provincial and territorial tax (common to all, complete to summarize your total provincial or territorial tax).

You can find copies of all components of this form on the Canada Customs and Revenue Agency Web site at: www.cra.gc.ca/forms/

Additional provincial and territorial credits allowed to residents and non-residents of a province or territory

In addition to the credits included in Part 4 of Form T2203, you may be eligible for certain other tax credits. The chart on the back cover of this book identifies additional provincial and territorial credits, and the forms that you have to complete to claim them.

Many of these credits are limited to the amount of tax payable to the province or territory; when this amount is required (i.e., you are instructed to enter the amount from line 428 of your return or from a line of regular provincial Form 428), use the applicable provincial or territorial tax amount from Part 5 of Form T2203.

Include these credits on line 479 of your return and attach the completed forms to your return.

For more information, contact your tax services office.

PROVINCIAL AND TERRITORIAL TAXES FOR 2001 – MULTIPLE JURISDICTIONS

Use this form to calculate your provincial/territorial taxes for 2001 if **either** of the following applies:

- you resided in a province or territory on December 31, 2001 (use the date you left Canada if you emigrated in 2001), and all or part of your business income for the year was earned and is allocable to a permanent establishment outside that province or territory, or outside Canada; **or**
- you were a non-resident throughout 2001 carrying on business in more than one province or territory in Canada.

Complete and attach only the parts of this form and any related schedules you need to calculate the provincial/territorial taxes applicable to you. Do not complete and attach a copy of Form 428 unless you are claiming other credits that are not included in this form. See "Additional provincial and territorial credits allowed to residents and non residents of a province or territory", inside the cover page, for additional credits you can claim on Form 428 and Form 479.

If you have minimum tax to pay, or you are subject to tax on split income, also attach a completed Form T691, *Alternative Minimum Tax*, and Form T1219, *Provincial Alternative Minimum Tax for 2001*, or Form T1206, *Tax on Split Income – 2001*.
