• This form is used to certify eligibility for claiming tuition fees of a student who resided during the whole year in Canada near the border between Canada and the United States and commuted to the United States to attend a university, college, or other educational institution providing courses at a post-secondary school level. This form is also to show the maximum tuition amounts the student can transfer to a designated individual. For more information, see Guide P105, Students and Income Tax, at canada.ca/cra-forms.

Administrators of post-secondary educational institutions can get Information Sheet RC190, Information for Educational Institutions Outside Canada, for details on how to fill out and certify this form. Do not enter the cost of textbooks on this form. Students calculate their provincial or territorial education and textbook amounts (if applicable) based on the number of months indicated in Box B or C below.

• Eligible tuition fees paid in respect of the calendar year to any one institution have to be more than \$100.
