## Notes:

- All amounts are rounded and in thousands of dollars.
- The sum of the data may not add to the total due to rounding.
- Data are presented on a tax-year basis.
- Data are as of December 31, 2013.
- Data are subject to change.
- Amounts include all income tax returns that were assessed or reassessed.
- Tax year 2010 is 97% completed and 2011 is 94% completed.
- Given their unique filing requirements, amounts relating to certain insurance and non-resident corporations are not included in total assets.
- Amounts for corporations reporting in a functional currency have been converted into Canadian dollars using the exchange rate at the balance due date.
- When a corporation files more than one return in a tax year, adjustments are made to avoid double-counting stock variables such as total assets.
- On April 1, 2007, the CRA implemented the compliance refund hold legislation, which required it to delay paying rebates and refunds until all required returns have been filed. This legislation put an administrative burden on corporate entities in the municipalities, universities, schools and hospitals (MUSH), non-profit organizations (NPO), federal crown corporations, and Indian band sectors because they are exempt from federal income tax and many of these entities had not filed T2 returns in previous years.
