Notes:

- All counts are rounded to the nearest ten. The sum of the data may not add to the total, due to rounding.
- A DTC determination refers to an Agency decision related to a T2201 Disability Tax Credit Certificate application. With respect to this publication, the determination is as of the date of the data compilation, as DTC determinations are subject to change.
- Data on DTC determinations are as of December 31 of the respective calendar year and are subject to change.
- Individuals who have had multiple DTC determinations processed during the calendar year are only being counted once.
- DTC determinations with multiple accepted restrictions linked to their certificate will be counted once for each restriction, while the "Total Unique Determinations" column presents a unique count of DTC determinations. As such, this count will not add up to the sum of restrictions by status.
- For DTC determinations that contain both accepted and rejected restrictions, only the accepted restrictions are counted.
