**Notes:**

1. Province/Territory is determined by the business address of the applicant, and may not fully reflect where the economic activity took place as some businesses will have employees and/or business activity in more than one jurisdiction.
2. 'Missing' indicates that Province/Territory is not available or the business address of the applicant is outside of Canada.
3. As employers may submit a separate CRHP claim for each period, the total number of employees for all periods can result in double counting if summing all periods together. As a result, the totals for employee and average per employee are not displayed. The total number of applications does not represent the number of unique employers.
4. All counts are rounded to the nearest ten. Approved CRHP amounts are rounded to the nearest thousand. Average amounts are rounded to the nearest dollar. Percentages are rounded to the nearest whole percentage.
5. The sum of the data may not add to the total due to rounding or suppression.
6. Number of employees are as reported on Line 400 and Line 410 of the CRHP application.
7. CRHP amounts are as calculated on Line 600 on the CRHP application.
8. Data are from Canada Revenue Agency source systems as of November 6, 2022 11:59:59PM.
9. Data are subject to change as claims are received, reviewed and adjusted.
10. The claim periods for the hiring subsidy match the claim periods for the Canada Emergency Wage Subsidy (CEWS). Therefore, claim period 17 (June 6, 2021) is the first period you can claim the CRHP.
