

STATEMENT OF MANAGEMENT RESPONSIBILITY INCLUDING INTERNAL CONTROL OVER FINANCIAL REPORTING

Responsibility for the integrity and objectivity of the accompanying consolidated financial statements for the year ended March 31, 2024, and all information contained in these statements rests with the management of the Correctional Service of Canada (CSC). These consolidated financial statements have been prepared by management using the Government of Canada's accounting policies, which are based on Canadian public sector accounting standards.

Management is responsible for the integrity and objectivity of the information in these consolidated financial statements. Some of the information in the consolidated financial statements is based on management's best estimates and judgment, and gives due consideration to materiality. To fulfill its accounting and reporting responsibilities, management maintains a set of accounts that provides a centralized record of CSC's financial transactions. Financial information submitted in the preparation of the *Public Accounts of Canada*, and included in CSC's *Departmental Results Report*, is consistent with these consolidated financial statements.

Management is also responsible for maintaining an effective system of internal control over financial reporting (ICFR) designed to provide reasonable assurance that financial information is reliable, that assets are safeguarded and that transactions are properly authorized and recorded in accordance with the *Financial Administration Act* and other applicable legislation, regulations, authorities and policies.

Management seeks to ensure the objectivity and integrity of data in its financial statements through careful selection, training, and development of qualified staff; through organizational arrangements that provide appropriate divisions of responsibility; through communication programs aimed at ensuring that regulations, policies, standards, and managerial authorities are understood throughout CSC and through conducting an annual risk-based assessment of the effectiveness of the system of ICFR.

The system of ICFR is designed to mitigate risks to a reasonable level based on an ongoing process to identify key risks, to assess effectiveness of associated key controls, and to make any necessary adjustments.

A risk-based assessment of the system of ICFR for the year ended March 31, 2024 was completed in accordance with the Treasury Board *Policy on Financial Management* and the results and action plans are summarized in the [annex](#).

The effectiveness and adequacy of CSC's system of internal control is reviewed by the work of internal audit staff, who conduct periodic audits of different areas of CSC's operations, and by the Departmental Audit Committee, which oversees management's responsibilities for maintaining adequate control systems and the quality of financial reporting, and which recommends the consolidated financial statements to the Commissioner.

The consolidated financial statements of CSC have not been audited.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (*unaudited*)

For the Year Ended March 31

1. Authority and Objectives

The constitutional and legislative framework that guides the Correctional Service of Canada (CSC) is set out by the *Constitution Act 1982* and the *Corrections and Conditional Release Act* (CCRA).

The purpose of the federal correctional system, as defined by law, is to contribute to the maintenance of a just, peaceful and safe society by carrying out sentences imposed by courts through the safe and humane custody and supervision of offenders; and by assisting the rehabilitation of offenders and their reintegration into the community as law-abiding citizens through the provision of programs in penitentiaries and in the community (*Corrections and Conditional Release Act*, s.3).

It delivers its mandate under the following core responsibilities:

Care and Custody: CSC provides for the safety, security and humane care of offenders, including day-to-day needs of offenders such as food, clothing, accommodation, mental health services, and physical health care. It also includes security measures within institutions such as drug interdiction, and appropriate control practices to prevent incidents;

Correctional Interventions: CSC conducts assessment activities and program interventions to support federal offenders' rehabilitation and facilitate their reintegration into the community as law-abiding citizens. CSC also engages Canadian citizens as partners in its correctional mandate, and provides services to victims of crime;

Community Supervision: CSC supervises offenders in the community and provides structure and services to support their safe and successful reintegration into the community. Services include accommodation options, community health services, and the establishment of community partnerships. CSC manages offenders on parole, statutory release, and long-term supervision orders; and

Internal Services: Internal Services are those groups of related activities and resources that the federal government considers to be services in support of programs and/or required to meet corporate obligations of an organization. Internal Services refers to the activities and resources of the 10 distinct service categories that support program delivery in the organization, regardless of the Internal Services delivery model in a department. The 10 service categories are: Management and Oversight Services; Communications Services; Legal Services; Human Resource Management Services; Financial Management Services; Information Management Services; Information Technology Services; Real Property Management Services; Materiel Management Services; and Acquisition Management Services.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (*unaudited*)

For the Year Ended March 31

2. Summary of Significant Accounting Policies

These consolidated financial statements are prepared using CSC's accounting policies stated below, which are based on Canadian public sector accounting standards. The presentation and results using the stated accounting policies do not result in any significant differences from Canadian public sector accounting standards.

Significant accounting policies are as follows:

a) Parliamentary authorities

CSC is financed by the Government of Canada through Parliamentary authorities. Financial reporting of authorities provided to CSC do not parallel financial reporting according to generally accepted accounting principles since authorities are primarily based on cash flow requirements. Consequently, items recognized in the Consolidated Statement of Operations and Organizational Net Financial Position and in the Consolidated Statement of Financial Position are not necessarily the same as those provided through authorities from Parliament. Note 3 provides a reconciliation between the bases of reporting. The planned results amounts in the "Expenses" and "Revenues" sections of the Consolidated Statement of Operations and Organizational Net Financial Position are the amounts reported in the Consolidated Future-Oriented Statement of Operations included in the 2023-2024 Departmental Plan. Planned results are not presented in the "Government funding and transfers" section of the Statement of Operations and Departmental Net Financial Position and in the Statement of Change in Departmental Net Debt because these amounts were not included in the 2023-2023 Departmental Plan.

b) Consolidation

These consolidated financial statements include the accounts of the sub-entity for which the Commissioner is accountable. The accounts of this sub-entity, the CORCAN Revolving Fund, have been consolidated with those of CSC and all intra-organizational balances and transactions have been eliminated.

c) Net Cash Provided by Government

CSC operates within the Consolidated Revenue Fund (CRF), which is administered by the Receiver General for Canada. All cash received by CSC is deposited to the CRF and all cash disbursements made by CSC are paid from the CRF. The net cash provided by Government is the difference between all cash receipts and all cash disbursements including transactions between departments of the Government.

d) Amounts due from or to the Consolidated Revenue Fund (CRF)

Amounts due from or to the CRF are the result of timing differences at year-end between when a transaction affects authorities and when it is processed through the CRF. Amounts due from the CRF represent the net amount of cash that CSC is entitled to draw from the CRF without further authorities to discharge its liabilities.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (*unaudited*)

For the Year Ended March 31

2. Summary of Significant Accounting Policies (continued)

e) Revenues

- Revenues are recognized in the period the event giving rise to the revenues occurred.
- Deferred revenue consists of amounts received in advance of the delivery of goods and rendering of services that will be recognized as revenue in a subsequent fiscal year as it is earned.
- CSC also earns revenues through charging other government departments for internal support services that are then spendable as part of agreements with those departments.
- Revenues that are non-spendable are not available to discharge CSC's liabilities. While the Commissioner is expected to maintain accounting control, she has no authority regarding the disposition of non-spendable revenues. As a result, non-spendable revenues are considered to be earned on behalf of the Government of Canada and are therefore presented in reduction of CSC's gross revenues.

f) Expenses

Expenses are recorded on an accrual basis:

- Vacation pay and compensatory leave are accrued as the benefits are earned by employees under their respective terms of employment.
- Services provided without charge by other government departments for accommodation, employer contributions to the health and dental insurance plans, legal services, and workers' compensation are recorded as operating expenses at their carrying value.
- Transfer payments are recorded as an expense in the year the transfer is authorized and all eligibility criteria have been met by the recipient.

g) Employee future benefits

- Pension benefits – Eligible employees participate in the Public Service Pension Plan, a multi-employer pension plan administered by the Government. CSC's contributions to the Plan are charged to expenses in the year incurred and represent the total organizational obligation to the Plan. CSC's responsibility with regard to the Plan is limited to its contributions. Actuarial surpluses or deficiencies are recognized in the financial statements of the Government of Canada, as the Plan's sponsor.
- Severance benefits – The accumulation of severance benefits for voluntary departures ceased for applicable employee groups. The remaining obligation for employees who did not withdraw benefits is calculated using information derived from the results of the actuarially determined liability for employee severance benefits for the Government as a whole.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (*unaudited*)

For the Year Ended March 31

2. Summary of Significant Accounting Policies (continued)***h) Financial instruments***

A contract establishing a financial instrument creates, at its inception, rights, and obligations to receive or deliver economic benefits. The financial assets and financial liabilities portray these rights and obligations in the financial statements. CSC recognizes a financial instrument when it becomes a party to a financial instrument contract.

Financial instruments consist of accounts and loans receivable. Accounts and loans receivable are initially recorded at cost. When necessary, an allowance for valuation is recorded to reduce the carrying value of accounts and loans receivable to amounts that approximate their net recoverable value.

i) Inventories

- Inventories held for resale include raw materials, finished goods and work-in-progress. They belong to the CORCAN Revolving Fund and are valued at the lower of cost or net realizable value. The organization makes provisions for excess and obsolete inventory.
- Inventories not for resale consist of materials and supplies held for future program delivery and are valued at cost. Inventories that no longer have any service potential, are valued at the lower of cost or net realizable value.

j) Tangible capital assets

The costs of acquiring land, buildings, equipment and other capital property are capitalized as tangible capital assets and, except for land, are amortized to expense over the estimated useful lives of the assets, as described in Note 11. All tangible capital assets and leasehold improvements having an initial cost of \$10,000 or more are recorded at their acquisition cost. Tangible capital assets do not include immovable assets located on reserves as defined in the *Indian Act*, works of art, museum collections and Crown land to which no acquisition cost is attributable; and intangible assets.

k) Contingent liabilities and Contingent assets

Contingent liabilities are potential liabilities which may become actual liabilities when one or more future events occur or fail to occur. If the future event is likely to occur or fail to occur, and a reasonable estimate of the loss can be made, a provision is accrued and an expense recorded to other expenses. If the likelihood is not determinable or an amount cannot be reasonably estimated, the contingency is disclosed in the notes to the consolidated financial statements.

Contingent assets are possible assets which may become actual assets when one or more future events occur or fail to occur. If the future event is likely to occur or fail to occur, the contingent asset is disclosed in the notes to the financial statements.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (*unaudited*)

For the Year Ended March 31

2. Summary of Significant Accounting Policies (continued)***l) Environmental liabilities and asset retirement obligations***

An environmental liability for the remediation of contaminated sites is recognized when all of the following criteria are satisfied: an environmental standard exists, contamination exceeds the environmental standard, CSC is directly responsible or accepts responsibility, it is expected that future economic benefits will be given up and a reasonable estimate of the amount can be made. The liability reflects CSC's best estimate of the amount required to remediate the sites to the current minimum standard for its use prior to contamination.

An asset retirement obligation is recognized when all of the following criteria are satisfied: there is a legal obligation to incur retirement costs in relation to a tangible capital asset, the past event or transaction giving rise to the retirement liability has occurred, it is expected that future economic benefits will be given up and a reasonable estimate of the amount can be made. The costs to retire an asset are normally capitalized and amortized over the asset's estimated remaining useful life. An asset retirement obligation may arise in connection with a tangible capital asset that is not recognized or no longer in productive use. In this case, the asset retirement cost would be expensed. The measurement of the liability is CSC's best estimate of the amount required to retire a tangible capital asset.

When the future cash flows required to settle or otherwise extinguish a liability are estimable, predictable and expected to occur over extended future periods, a present value technique is used. The discount rate used reflects the CSC's cost of borrowing, associated with the estimated number of years to complete remediation.

The recorded liabilities are adjusted each year, as required, for inflation, new obligations, changes in management estimates and actual costs incurred.

m) Measurement uncertainty

The preparation of these consolidated financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses reported in the consolidated financial statements and accompanying notes at March 31. The estimates are based on facts and circumstances, historical experience, general economic conditions and reflect the Government's best estimate of the related amount at the end of the reporting period. The most significant areas where estimates are used are contingent and settled claim liabilities, environmental liabilities, the liability for employee future benefits, the fair value of non-monetary transactions related to leased tangible capital assets and the useful life of tangible capital assets. Actual results could significantly differ from those estimated. Management's estimates are reviewed periodically and, as adjustments become necessary, they are recorded in the consolidated financial statements in the year they become known.

Environmental liabilities and asset retirement obligations as discussed in Note 5 are subject to measurement uncertainty due to the evolving technologies used in the estimation of the costs for remediation of contaminated sites, the use of future estimated costs, and the fact that not all sites have had a complete assessment of the extent and nature of remediation. Changes to underlying assumptions, the timing of the expenditures, the technology employed, or the revisions to environmental standards or changes in regulatory requirements could result in significant changes to the environmental liabilities recorded.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (*unaudited*)

For the Year Ended March 31

2. Summary of Significant Accounting Policies (continued)

n) Related party transactions

Related party transactions, other than inter-entity transactions, are recorded at the exchange amount.

Inter-entity transactions are transactions between commonly controlled entities. Inter-entity transactions, other than restructuring transactions, are recorded on a gross basis and are measured at the carrying amount, except for the following:

- i. Services provided on a recovery basis are recognized as revenues and expenses on a gross basis and measured at the exchange amount.
- ii. Certain services received on a without charge basis are recorded for departmental financial statement purposes at the carrying amount.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (*unaudited*)

For the Year Ended March 31

3. Parliamentary Authorities

CSC receives most of its funding through annual Parliamentary authorities. Items recognized in the Consolidated Statement of Operations and Organizational Net Financial Position and the Consolidated Statement of Financial Position in one year may be funded through Parliamentary authorities in prior, current or future years. Accordingly, CSC has different net results of operations for the year on a government funding basis than on an accrual accounting basis. The differences are reconciled in the following tables:

a) *Reconciliation of net cost of operations to current year authorities used*

	2024	2023
<i>(in thousands of dollars)</i>		
Net cost of operations before government funding and transfers	4,007,357	3,097,644
<i>Adjustments for items affecting net cost of operations but not affecting authorities:</i>		
<i>Add (Less):</i>		
Amortization of tangible capital assets (note 11)	(130,703)	(129,475)
Net loss on disposal of tangible capital assets and other adjustments	(9,662)	(20,490)
Services provided without charge by other government departments (note 14a)	(197,967)	(179,660)
Decrease in vacation pay and compensatory leave	780	11,092
Decrease in employee future benefits	1,887	6,386
(Increase) in environmental liabilities and asset retirement obligations	(2,872)	(2,633)
Refund of prior years' expenditures	6,083	9,754
Other	(549,955)	28,383
	(882,409)	(276,643)
<i>Adjustments for items not affecting net cost of operations but affecting authorities:</i>		
<i>Add (Less):</i>		
Acquisitions of tangible capital assets (note 11)	258,664	199,699
(Decrease) in inventories	(13,268)	(8,973)
Other	4,618	3,709
	250,014	194,435
Current year authorities used	3,374,962	3,015,436

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (*unaudited*)

For the Year Ended March 31

3. Parliamentary Authorities (continued)

b) Authorities provided and used

	2024	2023
<i>(in thousands of dollars)</i>		
Vote 1 – Operating expenditures	3,127,665	2,809,900
Vote 5 – Capital expenditures	269,046	255,499
Statutory items:		
CORCAN Revolving Fund	19,532	13,225
Other Statutory Items	281,865	253,535
	3,698,108	3,332,159
Less:		
Authorities available for future years (excluding CORCAN)	141	2,319
CORCAN Revolving Fund available authority	21,670	22,532
Lapsed authorities: Vote 1 – Operating expenditures	288,652	235,730
Lapsed authorities: Vote 5 – Capital expenditures	12,683	56,142
Current year authorities used	3,374,962	3,015,436

4. Accounts Payable and Accrued Liabilities

The following table presents details of CSC's accounts payable and accrued liabilities:

	2024	2023
<i>(in thousands of dollars)</i>		
Accounts payable - Other government departments and agencies	66,423	50,163
Accounts payable - External parties	101,107	88,400
Total accounts payable	167,530	138,563
Accrued liabilities ⁽¹⁾	1,145,320	587,086
Total accounts payable and accrued liabilities	1,312,850	725,649

- Settled claim liabilities included as part of accrued liabilities above total \$843,195 thousand as at March 31, 2024 (\$293,249 thousand as at March 31, 2023)

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (*unaudited*)

For the Year Ended March 31

5. Environmental Liabilities and Asset Retirement Obligations

	2024	2023
<i>(in thousands of dollars)</i>		
Remediation liability for contaminated sites	1,794	2,008
Asset retirement obligations	127,811	124,725
Total environmental liabilities and asset retirement obligations	129,605	126,733

a) Remediation of contaminated sites

The Government's "Federal Approach to Contaminated Sites" sets out a framework for management of contaminated sites using a risk-based approach. Under this approach the Government has inventoried the contaminated sites identified on federal lands, allowing them to be classified, managed and recorded in a consistent manner. This systematic approach aids in identification of the high-risk sites in order to allocate limited resources to those sites which pose the highest risk to human health and the environment.

CSC has identified a total of 29 sites (32 sites in 2023) where contamination may exist and assessment, remediation and monitoring may be required. Of these, CSC has identified 12 sites (14 sites in 2023) where action is required and for which a gross liability of \$1,045 thousand (\$1,249 thousand in 2023) has been recorded. This liability estimate has been determined based on-site assessments performed by environmental experts.

In addition, a statistical model based upon a projection of the number of sites that will proceed to remediation and upon which current and historical costs are applied is used to estimate the liability for a group of unassessed sites. As a result, 6 sites are projected to have a liability (6 sites in 2023) where a liability estimate of \$749 thousand (\$759 thousand in 2023) has been recorded using this model.

These two estimates combined, totalling \$1,794 thousand (\$2,008 thousand in 2023), represents management's best estimate of the costs required to remediate the sites to the current minimum standard for its use prior to contamination, based on information available at the financial statement date.

For the remaining 14 sites (12 sites in 2023), no liability for remediation has been recognized. Some of these sites are at various stages of testing and evaluation and if remediation is required, liabilities will be reported as soon as a reasonable estimate can be determined. For these sites, CSC does not expect to give up any future economic benefit (there is likely no significant environmental impact or human health threats). These sites will be re-examined and a liability for remediation will be recognized if future economic benefits will be given up.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (*unaudited*)

For the Year Ended March 31

5. Environmental Liabilities and Asset Retirement Obligations (continued)

a) Remediation of contaminated sites (continued)

The following table presents the total estimated amounts of these liabilities by nature and source and the total undiscounted future expenditures as at March 31, 2024 and March 31, 2023. When the liability estimate is based on a future cash requirement, the amount is adjusted for inflation using a forecast CPI rate of 2.0% (2.0% in 2023). Inflation is included in the undiscounted amount.

Nature & Source	NATURE & SOURCE OF LIABILITY 2024			2023		
	Total Number of Sites	Number of Sites with a liability	Estimated Liability and Total Undiscounted Expenditures ⁽⁴⁾ (in thousands of dollars)	Total Number of Sites	Number of Sites with a liability	Estimated Liability and undiscounted expenditures ⁽⁴⁾ (in thousands of dollars)
Fuel Related Practices ⁽¹⁾	12	5	568	12	5	509
Landfills/Waste Sites ⁽²⁾	9	6	765	11	7	902
Other ⁽³⁾	8	7	461	9	8	597
Totals	29	18	1,794	32	20	2,008

- (1) Contamination primarily associated with fuel storage and handling, e.g. accidental spills related to fuel storage tanks or former fuel handling practices, e.g. petroleum hydrocarbons, polyaromatic hydrocarbons and BTEX.
- (2) Contamination associated with former landfill/waste site or leaching from materials deposited in the landfill/waste site, e.g. metals, petroleum hydrocarbons, polyaromatic hydrocarbons, BTEX, other organic contaminants, etc.
- (3) Contamination from other sources, e.g. use of pesticides, herbicides, fertilizers at agricultural sites; use of PCBs, firefighting training areas, firing ranges and training facilities, etc.
- (4) It was determined that the effects of discounting of these liabilities for each fiscal year is immaterial for CSC. Therefore, the present value technique has not been used to calculate the discounted value for each site.

Also, during the year 3 sites (7 sites in 2023) were closed as they were either remediated or assessed to confirm that they no longer meet all the criteria required to record a liability for contaminated sites and no sites (no sites in 2023) were re-opened as additional remediation strategies are taking place.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (*unaudited*)

For the Year Ended March 31

5. Environmental Liabilities and Asset Retirement Obligations (continued)

b) Asset Retirement Obligations

CSC has recorded asset retirement obligations for the removal of asbestos and other hazardous materials in buildings, closure and post-closure obligations associated with other works and infrastructure, retirement activities linked to machinery and equipment, and other asset retirement obligations.

The changes in asset retirement obligations during the year are as follows:

	2024			2023	
	Asbestos and other hazardous material in buildings	Storage tanks	Closure and post-closure obligations - other works and infrastructure	Total	
<i>(in thousands of dollars)</i>					
Opening balance	122,986	1,471	268	124,725	121,748
Accretion expense ⁽¹⁾	3,043	36	7	3,086	2,977
Closing balance	126,029	1,507	275	127,811	124,725

(1) Accretion expense is the increase in the carrying amount of an asset retirement obligation due to the passage of time.

The undiscounted future expenditures, adjusted for inflation, for the planned projects comprising the liability are \$153,640 thousand (\$153,640 thousand as at March 31, 2023). There were no new liabilities nor settlement of liabilities in 2023-2024.

Key assumptions used in determining the provision are as follows:

	2024	2023
Discount rate	2.45%	2.45%
Discount period and timing of settlement	10 years	10 years
Long-term rate of inflation	2.00%	2.00%

CSC's ongoing efforts to assess contaminated sites and asset retirement obligations may result in additional environmental liabilities and asset retirement obligations.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (*unaudited*)

For the Year Ended March 31

6. Employee Future Benefits**a) Pension Benefits**

CSC's employees participate in the public service pension plan (the "Plan"), which is sponsored and administered by the Government of Canada. Pension benefits accrue up to a maximum period of 35 years at a rate of 2 percent per year of pensionable service, times the average of the best five consecutive years of earnings. The benefits are integrated with Canada/Québec Pension Plan benefits and they are indexed to inflation.

Both the employees and CSC contribute to the cost of the Plan. Due to the amendment of the *Public Service Superannuation Act* following the implementation of provisions related to Economic Action Plan 2012, employee contributors have been divided into two groups – Group 1 relates to existing plan members as of December 31, 2012 and Group 2 relates to members joining the Plan as of January 1, 2013. Each group has a distinct contribution rate.

The 2023-2024 expense amounts to \$168,828 thousand (\$167,478 thousand in 2022-2023). For Group 1 members, the expense represents approximately 1.02 times (1.02 times in 2022-2023) the employee contributions and, for Group 2 members, approximately 1.00 times (1.00 times in 2022-2023) the employee contributions.

CSC's responsibility with regard to the Plan is limited to its contributions. Actuarial surpluses or deficiencies are recognized in the Consolidated Financial Statements of the Government of Canada, as the Plan's sponsor.

b) Severance benefits

Severance benefits provided to CSC's employees were previously based on an employee's eligibility, years of service and salary at termination of employment. However, since 2011 the accumulation of severance benefits for voluntary departures progressively ceased for substantially all employees. Employees subject to these changes were given the option to be paid the full or partial value of benefits earned to date or collect the full or remaining value of benefits upon departure from the public service. By March 31, 2024, substantially all settlements for immediate cash out were completed. Severance benefits are unfunded and, consequently, the outstanding obligation will be paid from future authorities.

The changes in the obligations during the year were as follows:

<i>(in thousands of dollars)</i>	2024	2023
Accrued benefit obligation – Beginning of year	39,187	45,573
Expenses for the year	(145)	(4,434)
Benefits paid during the year	(1,742)	(1,952)
Accrued benefit obligation – End of year	37,300	39,187

7. Inmate Trust Fund

Pursuant to section 111 of the *Corrections and Conditional Release Regulations*, this account is credited with all moneys brought into the institution by an inmate on admission or readmission, and all moneys that are received on the inmate's behalf while in custody, including, monetary gifts from a third party, payments for program participation, pay earned while on work release or conditional release in the community, moneys received from a third party for work performed in an institution or a CSC approved inmate operated business enterprise, sale of hobby craft or custom work, a payment, allowance or income paid by either a private or government source. Deductions may be made from this account for issues such as debts to the Crown, the Inmate Welfare Fund, canteen expenditures, telephone calls, payments to assist in the reformation and rehabilitation of the inmate, and any other payments for which the inmate is liable.

	2024	2023
<i>(in thousands of dollars)</i>		
Beginning of year	33,983	23,943
Receipts	49,004	58,166
Disbursements	(50,661)	(48,126)
End of year	32,326	33,983

8. Deferred Revenue

Deferred revenue represents the balance at year-end of unearned revenues stemming from amounts received from external parties which are restricted to fund the expenditures related to specific projects, and amounts received for fees prior to services being performed. Revenue is recognized in the period that these expenditures are incurred or in which the service is performed. Details of the transactions related to this account are as follows:

	2024	2023
<i>(in thousands of dollars)</i>		
Opening balance	675	801
Amounts received	7,676	13,332
Revenue recognized	(7,657)	(13,458)
Ending balance	694	675

9. Accounts Receivable, Advances and Loans

The following table presents details of CSC's accounts receivable and advances balances:

	2024	2023
<i>(in thousands of dollars)</i>		
Receivables - Other government departments and agencies	10,752	19,922
Receivables - External parties	78,226	79,812
Employee advances	2,393	2,759
Parolee loans and advances to individuals other than employees	193	115
	91,564	102,608
Allowance for doubtful accounts on receivables from external parties	(20,094)	(529)
Allowance for doubtful accounts for parolee loans	(5)	(5)
Gross accounts receivable and advances	71,465	102,074
Accounts receivable held on behalf of Government	(1,452)	(1,130)
Net accounts receivable and advances	70,013	100,944

The following table provides an aging analysis of accounts receivable from external parties and the associated valuation allowances used to reflect their net recoverable value.

	2024	2023
<i>(in thousands of dollars)</i>		
Accounts receivable from external parties		
Not past due	73,949	77,282
Number of days past due		
1 to 30	303	199
31 to 60	378	328
61 to 90	11	5
91 to 365	1,681	292
Over 365	1,904	1,706
Subtotal	78,226	79,812
Less: Valuation allowance for accounts receivable	(20,094)	(529)
Total	58,132	79,283

10. Inventories

The following table presents details of CSC's inventories:

	2024	2023
<i>(in thousands of dollars)</i>		
Inventories held for resale		
Raw materials	8,816	9,791
Work in progress	199	171
Finished goods	4,723	4,960
	13,738	14,922
Provision for obsolete inventory	(1,520)	(2,512)
Total inventories held for resale	12,218	12,410
Inventories not for resale		
Pharmaceuticals and health care supplies	12,742	28,914
Other Supplies	19,261	14,993
Clothing	10,877	11,386
Building materials	4,780	5,023
Utilities	917	892
Other Inventory	4,100	4,545
Total inventories not for resale	52,677	65,753
Total Inventories	64,895	78,163

The cost of consumed inventories not for resale recognized as an expense in the Consolidated Statement of Operations and Organizational Net Financial Position is \$155,979 thousand in 2024 (\$139,620 thousand in 2023).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (*unaudited*)

For the Year Ended March 31

11. Tangible Capital Assets

Amortization of tangible capital assets is done on a straight-line basis over the estimated useful life of the asset as follows:

Asset Class	Amortization Period
Buildings	25 to 40 years
Works and Infrastructure	20 to 25 years
Machinery and Equipment	10 years
Informatics Hardware and Software	3 to 10 years
Vehicles	5 to 10 years
Leasehold Improvements	Straight Line over the lesser of useful life of improvement or lease term
Assets under Capital Leases	Straight Line over the lesser of useful life of improvement or lease term

Assets under construction are recorded in the applicable asset class in the year they are put into service and are not amortized until they are put into service.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS *(unaudited)*

For the Year Ended March 31

11. Tangible Capital Assets (continued)

Vehicles	108,195	10,210	324	(5,067)	113,662	64,968	7,964	280	(4,483)	68,729	44,933	43,227
Leasehold Improvements	73,825	-	9,003	(10)	82,818	50,402	5,903	-	(10)	56,295	26,523	23,423
Assets under construction	661,036	239,628	(103,029)	(5,199)	792,436	-	-	-	-	-	792,436	661,036
Total	4,955,330	258,664	(358)	(17,124)	5,196,512	2,553,453	130,703	106	(10,705)	2,673,557	2,522,955	2,401,877

- (1) Adjustments include assets under construction of \$102,779 thousand (\$60,975 thousand in 2023) that were transferred to the other capital asset classes upon completion of individual projects. Other net adjustments of \$464 thousand (\$242 thousand in 2023) are as a result of the capital asset validation exercise undertaken during the fiscal year including the write-off of various projects that were deemed to not meet CSC's capitalization criteria.

In April 2012, the Government of Canada announced it would close three institutions (Kingston Penitentiary, Ontario Regional Treatment Centre (ORTC) and Leclerc Institution). The closures were completed in September 2013 as planned. In December 2019, CSC received a market appraisal for the Kingston Penitentiary and ORTC. In accordance with PSAS 3150, this appraisal triggered an analysis of CSC's valuation of the properties and whether any adjustments to the net book values were required. In 2019, it was determined that Kingston Penitentiary and ORTC assets should be written-down to their combined net realizable value of \$4,688 thousand, which resulted in a write-down of \$40,512 thousand. This assessment of Kingston Penitentiary and ORTC's residual value was based on the market appraisal provided to CSC. CSC will continue to assess Kingston Penitentiary and ORTC yearly to determine if any future write-downs or other adjustments are required. There is no change from 2021-2022 to the Ontario RHQ net book value of \$789 thousand. Should a further change in the Kingston Penitentiary's, ORTC's, or Ontario RHQ's net book values become known, any applicable amounts will be recorded at that time. Leclerc Institution remains a tangible capital asset of CSC and has been leased under a long-term operating agreement with the Province of Quebec.

CSC also has Buildings and Works and Infrastructure located on reserves as defined in the *Indian Act* which are not recognized above.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (*unaudited*)

For the Year Ended March 31

12. Contractual Obligations

The nature of the CSC's activities can result in some large multi-year contracts and obligations whereby the organization will be obligated to make future payments in order to carry out its transfer payment programs or when the services/goods are received. Significant contractual obligations that can be reasonably estimated are summarized as follows:

	2025	2026	2027	2028	2029 and thereafter	Total
<i>(in thousands of dollars)</i>						
Acquisition of goods and services	203,692	5,218	3,686	2,397	1,287	216,280
Operating Leases	320	320	320	320	293	1,573
Total	204,012	5,538	4,006	2,717	1,580	217,853

13. Contingent Liabilities and Contingent Assets**a) Contingent Liabilities**Claims & Litigation

Claims have been made against CSC in the normal course of operations. These claims include items with pleading amounts and others for which no amount is specified. While the total amount claimed in these actions is significant, their outcomes are not determinable. CSC has recorded an allowance for claims and litigation where it is likely that there will be a future payment and a reasonable estimate of the loss can be made. Claims and litigation for which the outcome is not determinable and a reasonable estimate can be made by management, amount to approximately \$25,469 thousand as at March 31, 2024 (\$29,454 thousand in 2022-2023).

b) Contingent Assets

CSC may bring a claim as part of its normal course of operations which could result in a contingent asset, however no claims with a likely outcome are known to exist as at March 31, 2024.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (*unaudited*)

For the Year Ended March 31

14. Related Party Transactions

CSC is related as a result of common ownership to all government departments, agencies, and Crown corporations. Related parties also include individuals who are members of key management personnel or close family members of those individuals, and entities controlled by, or under shared control of, a member of key management personnel or a close family member of that individual.

CSC enters into transactions with these entities in the normal course of business and on normal trade terms.

During the year, CSC did not enter into material transactions at a value different from that which would have been arrived at if the parties were unrelated.

a) Common services provided without charge by other government departments

During the year, CSC received services without charge from certain common services organizations related to accommodation, legal services, the employer's contribution to the health and dental insurance plans, and worker's compensation coverage. These services without charge have been recorded at their carrying value in CSC's Consolidated Statement of Operations and Organizational Net Financial Position as follows:

	2024	2023
<i>(in thousands of dollars)</i>		
Employer's contribution to the health and dental insurance plans	174,542	154,031
Accommodation	19,091	18,581
Workers' compensation	2,770	2,872
Legal services	1,564	4,176
Total	197,967	179,660

The Government has centralized some of its administrative activities for efficient, cost-effective, and economic delivery of programs to the public. As a result, the Government uses central agencies and common service organizations so that one department performs services for all other departments and agencies without charge. The costs of these services, such as the payroll and cheque issuance services provided by Public Services and Procurement Canada, audit services provided by the Office of the Auditor General, and information technology services provided by Shared Services Canada, are not included in CSC's Consolidated Statement of Operations and Organizational Net Financial Position.

b) Other transactions with other government departments

	2024	2023
<i>(in thousands of dollars)</i>		
Accounts receivable	10,752	19,922
Accounts payable	66,423	50,163
Expenses	556,396	482,953
Revenues	126,916	112,016

Expenses and revenues disclosed in b) exclude common services provided without charge, which are already disclosed in a).

c) Transfers of assets and liabilities from (to) other government departments

During the year, CSC transferred in amounts related to salary overpayments receivable to other government departments for a net amount of \$9 thousand (\$174 thousand transferred to other government departments in 2023).

There was a \$32 thousand capital asset transfer to another government department in 2024 (nil in 2023).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (*unaudited*)

For the Year Ended March 31

15. Segmented Information

Presentation by segment is based on CSC's departmental results framework. The presentation by segment is based on the same accounting policies as described in the Summary of Significant Accounting Policies in note 2. The following table presents the expenses incurred and revenues generated for the main programs, by major objects of expense and by major types of revenue. The segment results for the period are as follows:

	2024					2023	
<i>(in thousands of dollars)</i>							
	Care and Custody	Correctional Interventions	Community Supervision	Internal Services	Intra-entity Transactions (with CORCAN)	Total	Total

ANNEX TO THE STATEMENT OF MANAGEMENT RESPONSIBILITY INCLUDING INTERNAL CONTROL OVER FINANCIAL REPORTING (unaudited)

SUMMARY OF THE ASSESSMENT OF EFFECTIVENESS OF THE SYSTEMS OF INTERNAL CONTROL OVER FINANCIAL REPORTING FOR FISCAL YEAR 2023-2024 AND THE ACTION PLAN OF CORRECTIONAL SERVICE OF CANADA

1. INTRODUCTION

This document provides summary information on the measures taken by Correctional Service of Canada (CSC) to maintain an effective system of internal control over financial reporting (ICFR) including information on internal control management, assessment results and related action plans.

Detailed information on CSC's authority, mandate, and program activities can be found in the [Departmental Plan and the Departmental Results Report](#).

2. DEPARTMENTAL SYSTEM OF INTERNAL CONTROL OVER FINANCIAL REPORTING

CSC recognizes the importance of setting the tone from the top to ensure that employees throughout the organization understand their roles and responsibilities in maintaining an effective system of ICFR. CSC's focus is to ensure that risks are well managed through a responsive and risk-based control environment that enables continuous improvement and innovation.

2.1 Internal Control Management

CSC has a well-established governance and accountability structure to support organizational assessment efforts and oversight of its system of internal control. CSC's Internal Controls over Financial Reporting (ICFR) Framework, approved by the Commissioner in May 2018, is in place and includes:

- Organizational accountability structures as they relate to internal control management to support sound financial management, including roles and responsibilities which span from senior managers across to CSC employees in their areas of responsibility for control management;
- Internal control structure and management approach, which depicts the overall approach for internal control identification, documentation and evaluation;
- Monitoring and regular updates on internal control management, as well as the provision of related assessment results and action plans to the Commissioner, Senior Management and the Departmental Audit Committee (DAC).

The Departmental Audit Committee provides advice to the Commissioner on the adequacy and functioning of the department's risk management, control and governance frameworks and processes.

ANNEX TO THE STATEMENT OF MANAGEMENT RESPONSIBILITY INCLUDING INTERNAL CONTROL OVER FINANCIAL REPORTING (unaudited)

2.2 Service Arrangements relevant to financial statements

CSC relies on other organizations for the processing of certain transactions that are recorded in its financial statements as follows:

- Public Services and Procurement Canada, which administers the payment of salaries and the procurement of goods and services, as per CSC's Delegation of Authority and provides accommodation services;
- Treasury Board of Canada Secretariat, which provides information used to calculate various accruals and allowances, such as the accrued severance liability;
- The Department of Justice, which provides legal services; and
- Shared Services Canada, which provides information technology (IT) infrastructure services in the areas of data centre and network services.

Readers of this annex may refer to the annexes of the above-noted departments for a greater understanding of the system of internal control over financial reporting related to these specific services.

3. CSC'S ASSESSMENT RESULTS FOR THE 2023-2024 FISCAL YEAR

The following table summarizes the status of the ongoing monitoring activities according to the previous fiscal year's rotational plan. Due to operational and risk considerations, some scheduling modifications were made to the plan:

Work Performed during the 2023-2024 fiscal year based off the previous year's plan, unless stated otherwise:

Processes	Status as at March 31, 2024
Financial Close and Reporting	Testing is ongoing.
Revenues, Receivables, Receipts (RRR)	Process mapping and risk assessment updates completed; testing to be completed in 2024-2025.
Purchases, Payables, and Payments - Contracting and Procurement (C&P); and, - Government Acquisition Cards (GAC).	-C&P: Completed as planned; remedial actions started. -GAC: Testing fully completed and report is being finalized.
Pay Administration	Testing is ongoing.
Inmate Trust Fund	Testing is ongoing.
Inventory: - Note for Resale - Food - Not for resale: Consumables and Personal Protective Equipment	-Food Inventory: Completed as planned; remedial actions started. -Consumables and Personal Protective Equipment: Completed as planned; remedial actions started.
Capital Assets - Real property - Real property and non-real property	-Real property: Completed as planned; remedial actions started. -Real property & non-real property retirements and transfer ins or outs (covering fiscal 2022-2023): Not tested due to low dollar value of transactions related to sub-process.
Costing	Testing is ongoing.
Forecasting	Completed as planned; remedial actions started.
Food Services Information Management System (FSIMS) - Information Technology General Controls (ITGC)	Completed as planned; remedial actions started.

ANNEX TO THE STATEMENT OF MANAGEMENT RESPONSIBILITY INCLUDING INTERNAL CONTROL OVER FINANCIAL REPORTING (unaudited)

The key findings and significant adjustments required from the current year's assessment activities are summarized below.

New or significantly amended key controls:

CSC re-assesses key controls affected by new or significantly amended processes identified in its ongoing risk-based monitoring plan. CSC will monitor the impacts of the changing work environment on key controls and adapt ongoing monitoring activities accordingly. There were no significantly amended key controls in existing processes that required a reassessment.

Ongoing risk-based monitoring plan:

As part of its ongoing risk-based monitoring plan, CSC completed reassessments of the processes listed in the table above.

For the most part, the key controls that were tested performed as intended with some opportunities for improvement, and management action plans addressing recommendations were developed by process owners as required.

4. CSC'S ACTION PLAN FOR THE NEXT FISCAL YEAR AND SUBSEQUENT FISCAL YEARS

CSC's rotational ongoing risk-based monitoring plan over the next five years, based on an annual validation of the high-risk processes and controls and related adjustments to the ongoing monitoring plan as required, is shown in the following table.

ANNEX TO THE STATEMENT OF MANAGEMENT RESPONSIBILITY INCLUDING INTERNAL CONTROL OVER FINANCIAL REPORTING (unaudited)

Rotational Ongoing Risk-Based Monitoring Plan

Key Control Areas- Process	2024-2025	2025-2026	2026-2027	2027-2028	2028-2029
