

## JCR Nomination Form for the Royal Canadian Legion Medal of Excellence

This medal is funded by the Royal Canadian Legion and is intended to recognize a JCR or cadet whose individual endeavours in citizenship have helped to advance the objectives of the program, whose attitude and behavior set the example for others, and who helps to create a safe and welcoming environment within the Patrol, Corps or Squadron.

For JCRs, the program objectives are for youth to become competent living on the land, be of value to their community, build self-confidence, and make healthy choices.

The RCLME should ideally go to a JCR who actively volunteers and provides community service outside of the program, and whose actions within the Patrol help other JCRs and support overall morale and cohesion.

Every Patrol may award one RCLME per year. Each JCR can only receive this medal once. The CRPG CO is the awarding authority for this medal.

This JCR meets the following criteria (please check any that apply):

- ☐ Regularly engages in community service and citizenship activities outside of the JCR Program
- ☐ Participates actively in all JCR training and activities, particularly those having to do with citizenship
- ☐ Consistently sets the example for others through their attitude and behaviour
- ☐ Enhances the Patrol environment through:
  - co-operation
  - comradeship
  - promoting goodwill and morale
  - aiding in the development of group identity
  - supporting and assisting fellow JCRs
  - making everyone feel welcome
