

DO YOU HAVE WHAT IT TAKES?

Aerospace Control Officer

Pilot

Air Combat Systems Officer

ARE YOU

hardworking, dedicated, mentally and physically fit?

IS IT

your primary goal to pursue a career in the Royal Canadian Air Force?

HAVE YOU

researched your occupation preferences to ensure they fit with your interests and goals?

DO YOU

have a strong desire to fly, or control aircraft?

After successfully completing your Canadian Forces Aptitude Test, you will be selected for:

AIR CREW SELECTION TESTING

These tests are directly related to cognitive demands in the aerospace environment.

Computer-based testing of 7 cognitive ability domains will be conducted

Over 2 days at 8 Wing Trenton, Ontario

HOW do I prepare?

1 Temporarily **remove** some of the **stressors** from your life ahead of time, in order to give yourself a chance to **do your best**.

2 **Limit outside distractions** in order to give yourself a chance to **focus**, make both clear judgments and critical decisions under stress.

3 Set a routine of exercising, getting enough sleep and eating well. Being **physically and mentally fit** to have the energy and endurance for this rigorous testing is important.

OTHER SCREENING REQUIREMENTS

1 MEDICAL ASSESSMENTS

You will undergo medical assessments to ensure that you meet minimum medical enrolment standard, and, are medically fit to train and operate in an air environment.

2 SUITABILITY INTERVIEW

You will be interviewed to determine your suitability for your occupation(s) of interest.

3 SECURITY SCREENING

Minimum security screening requirements consist of a credit and criminal records check. Additional security assessments may be required, on a case-by-case basis.

4 PHYSICAL MEASUREMENTS

Will be taken to ensure that you can operate safely within the fleet of RCAF Aircraft
