MILITARY SPOUSE EMPLOYMENT INITIATIVE

The Military Spouse Employment Initiative (MSEI) inventory is an effective staffing option to fill temporary or permanent vacancies across all Government of Canada departments and agencies.

Why hire a military spouse?

Frequent relocations cause spousal employment disruptions which are the leading cause for military members to release from the forces early. By supporting military families, we strengthen Canada's operational readiness, increase retention and improve the well-being of those who fulfill Canada's defence mission.

ACCESSING THE INVENTORY IS FAST AND EASY!

There are 800+ skilled candidates in the MSEI across all Canadian provinces and territories looking for jobs in the following work streams:

- Information Technology Specialists
- Programmers and Developers
- General Labour and Trades
- Health Services
- Communications/Public Relations
- Office Administration
- Teaching/Education Professionals
Educational Advisors and others
- Procurement Services OR

Overall, I found the experience very easy and efficient and the support from the staffing team was excellent. I found an exceptionally qualified person for the position I needed to fill in a very short period of time.
