

CFIRP 2009 - Clarification Bulletin 1

Clarification on ILM&M for CF members relocating upon graduation from training and short notice postings

Releasing Authority: Director of Compensation and Benefits - Administration- 12 Mar 09

Reference: CFIRP 2009

The following clarification is provided to the CFIRP 2009 Policy Document Chapter 5.

Background	Normally, CF members who are posted with an authorized move of (D)HG&E have been afforded the opportunity to conduct an HHT. CF members on training and those who receive short notice postings (30 days or less) and who have not conducted an HHT cannot necessarily effect a door to door move. In order to accommodate these unique circumstances the clarification of intent below is provided.
Clarification	The relocation benefits below apply to CF members who are authorized to move their (D)HG&E but have not had the opportunity to take an HHT because they: • are posted upon graduation from training; or • receive a short notice posting (30 days or less between posting instr DTG and COS date). Upon arrival at their new place of duty, these CF members are entitled to be reimbursed for: • HHT benefits as per Chapter 4, up to a maximum of 5 days in order to secure permanent accommodations; and • ILM&M as per Chapter 5, up to a maximum of 15 days in order to await availability of permanent accommodation.
