

## CFIRP 2009 - Clarification Bulletin 13

### Clarification on PMV storage cost reimbursement when on posting outside Canada

Releasing Authority: Director of Compensation and Benefits - Administration-13 Aug 09

Reference: CFIRP 2009

The following clarification is provided to the CFIRP 2009 Policy 9.1.06	
<b>Background</b>	DCBA has received several requests for adjudication to reimburse PMV storage cost beyond the two year time limitation from the COS date. This occurs when CF members are posted for 3 or more years but the storage company will only bill for storage costs for a maximum of 2 years at a time. When required to store a PMV, the intent is to reimburse storage costs for the duration of the posting including any extensions.
<b>Clarification</b>	<p>In order to provide clarification to CF members who store their PMV while on a posting outside Canada, the following note is to be added to article 9.1.06:</p> <p><b>NOTE:</b> Time limitation noted at Article 2.9.01 does not apply for reimbursement of PMV storage costs – members posted outside Canada.</p>
