## Defence Research and Development Canada (DRDC)

**DRDC**  
**RDDC**

Defence Research and Development Canada (DRDC) is Canada's defence science, technology and innovation leader. We develop and deliver new technical solutions and advice to the Department of National Defence (DND), the Canadian Armed Forces (CAF), and safety and security communities.

### What we do

DRDC's science and technology innovation investment focuses on eight strategic focus areas in the Defence and Security Science and Technology program, including Defence of North America, Advance Platforms and Weapons and Enabling Safety and Security.

### How we do it

DRDC works with partners in industry, academia, other government departments and international allies to deliver science and technology solutions to the CAF, DND and public safety and security communities.
