

CHANGE IN ISSUE TIME TO FICN10/FICN70 ICEBERG BULLETINS

To ensure consistency between products, the Canadian Ice Service (CIS) will be to changing the issue time of the FICN10/FICN70 CWIS daily iceberg bulletin from 1500/1600 UTC to 1830 UTC. This change should significantly increase the ability of CIS to provide our clients with a consistent product containing the most up to date information. Implementation of the change in issue time is planned for March 12, 2020.

Please contact us at ec.cisclients-scgclients.ec@canada.ca for questions or comments.
