

Department of the Environment

Canadian Environmental Protection Act, 1999

Notice is hereby given that, pursuant to section 127 of the Canadian Environmental Protection Act, 1999 (CEPA), disposal at sea permit no. 4543-2-03693 authorizing the loading for disposal and the disposal of waste or other matter at sea is approved. The permit is published on the Canadian Environmental Protection Act Registry on Tuesday, May 15, 2018.

1. Permittee: Lafarge Canada Inc., Coquitlam, British Columbia.
2. Waste or other matter to be disposed of: inert, inorganic geological matter.
 - 2.1. Nature of waste or other matter: inert, inorganic geological matter; all wood, topsoil, asphalt and other debris are to be segregated for disposal by methods other than disposal at sea.
3. Duration of permit: permit is valid from May 22, 2018, to May 21, 2019.
4. Loading site(s): Mountain Highway and Highway 1 (Area 1), at approximately 49.31550° N, 123.03760° W North American Datum of 1983 (NAD83).
5. Disposal site(s): Point Grey disposal site, within a 1-nautical-mile radius of 49.25666° N, 123.36500° W (NAD83).
6. Method of loading: loading will be carried out using land-based heavy equipment, trucks or conveyor belts.
7. Route to disposal site(s) and method of transport: most direct navigational route from the loading site to the disposal site via hopper scow or towed scow.
8. Method of disposal: disposal will be carried out by bottom dumping or end dumping.
9. Total quantity to be disposed of: Not to exceed 22 000 cubic metres, place measure.
10. Fees: the fee prescribed by the Disposal at Sea Permit Fee Regulations shall be paid by the permittee in accordance with those regulations.
11. Inspection:
 - 11.1. By accepting this permit, the permittee and its contractors accept that they are subject to inspection pursuant to Part 10 of CEPA.

11.2. The permittee shall ensure that records of all loading and disposal activities are kept on site for the duration of the permit and are available for inspection by any enforcement officer or analyst, for 2 years following the expiry of the permit.

11.3. Ships operating under the authority of this permit shall carry and display a radar-reflecting device at all times mounted on the highest practical location.

12. Contractors:

12.1. The loading or disposal at sea referred to under this permit shall not be carried out by any person without written authorization from the permittee.

12.2. The permittee shall ensure that all persons involved in the loading, transport or disposal activities authorized by this permit conduct these activities in accordance with the relevant permit conditions.

13. Reporting and notification:

13.1. The permittee shall provide the following information at least 48 hours before loading and disposal activities commence: name or number of ship, platform or structure used to carry out the loading and/or disposal, name of the contractor including corporate and on-site contact information, and expected period of loading and disposal activities. The above-noted information shall be submitted to the Environmental Enforcement Division of the Department of the Environment, Pacific and Yukon Region, 604-666-9059 (fax) or ec.immersionemerrpy-disposalatseapyr.ec@canada.ca (email).

13.2. The permittee shall submit a written report to the Minister, as represented by the Regional Director of the Environmental Protection Operations Directorate, Pacific and Yukon Region, within 30 days after the expiry of the permit. This report shall contain the following information: a list of all work completed pursuant to the permit, including the location of the loading and disposal site(s) used, the quantity of matter disposed of at the disposal site(s) and the dates on which disposal activities occurred. The report shall be sent to the Regional Director at any of the following coordinates:

By mail:

Regional Director
Environmental Protection Operations Directorate
Pacific and Yukon Region
201-401 Burrard St
Vancouver BC V6C 3S5

By fax: 604-666-6800

By email: ec.immersionemerrpy-disposalatseapyr.ec@canada.ca

13.3. At all times, a copy of this permit and of documents and drawings referenced in this permit shall be available at the loading site and on all powered ships directly engaged in the loading and disposal operations.

14. Special precautions:

14.1. The permittee shall submit a written excavated material disposal plan to the Minister, as represented by the Regional Director of the Environmental Protection Operations Directorate, Pacific and Yukon Region, identified in paragraph 13.2, for approval by the Department of the Environment prior to the commencement of the first excavation operation authorized by this permit. The plan shall address procedures to accurately measure or estimate quantities of excavated material disposed of at the disposal site(s), vessel tracking, and a schedule for use of the disposal site(s). Modifications to the plan shall be made only with the written approval of the Department of the Environment.

14.2. The loading and disposal at sea referred to under this permit shall be carried out in accordance with the mitigation measures summarized in the document titled "Environmental Protection Plan – Lafarge Canada Inc. (Mountain Hwy) – Disposal at Sea Permit #4543-2-03693" (May 2018).

Saul Schneider
Regional Director
Environmental Protection Operations Directorate
Pacific and Yukon Region

On behalf of the Minister of Environment and Climate Change

Signed on May 3, 2018
