13.3 The permittee shall submit a written report to the Minister, as represented by the Regional Director of the Environmental Protection Operations Directorate, Atlantic Region, care of Ms. Natasha Boyd, as identified in paragraph 13.1.a, within 30 days after the expiry of the permit. This report shall contain the following information: the quantity of matter disposed of at the disposal site(s) and the dates on which disposal activities occurred.

13.4. At all times, a copy of this permit and of documents and drawings referenced in this permit shall be available at the loading site and on all powered ships directly engaged in the loading and disposal operations.

14. Special precautions:

14.1. The permittee shall prepare a dredged material disposal plan relating to the loading and disposal at sea activities authorized by this permit. The plan shall be approved by the Department of the Environment prior to the commencement of the first dredging operation to be conducted under this permit. The plan shall address mitigation measures in relation to loading and disposal activities, procedures to accurately measure or estimate quantities of dredged material disposed of at the disposal site(s), vessel tracking, and a schedule for use of the disposal site(s). The plan shall also address measures to ensure navigational clearance of 4 metres chart datum is maintained, including, but not limited to the use of release zones. Modifications to the plan shall be made only with the written approval of the Department of the Environment.
