| Uses  | The substance Light thermal cracked distillates (CAS RN 64741-82-8) may move off the facility site. | Additional information received by the Government of Canada indicated that Light thermal cracked distillates (CAS RN 64741-82-8) does not meet the criteria for inclusion in stream 1 of the Petroleum Sector Stream Approach (PSSA). This substance has been removed from the gas oils screening assessment under stream 1 and will be assessed as part of a later stream under the PSSA. |
