

# OCCUPATIONAL EXPOSURE TO DIESEL ENGINE EXHAUST EMISSIONS (DEEES) IN FEDERALLY REGULATED WORK PLACES

## Do you have concerns?

### IS THIS YOUR WORK PLACE OR INDUSTRY?

- Inter-provincial trucking, vehicle maintenance and repairs?
- Railways, railway repairs and rail tunnels?
- Bus garages, vehicle maintenance and repairs?
- Toll booths, warehouses and garages?
- Airport ground service equipment and auxiliary, luggage transport service?
- Other work places where diesel fuel operated heavy vehicles are used?

YES

For information, refer to the publication:  
***Control measures for diesel engine exhaust emissions in the work place*** found on [Canada.ca/labour-health-safety-reports](http://Canada.ca/labour-health-safety-reports).

### CONCERN

- Have you experienced any health symptoms like breathing difficulties or sore eyes or throat?
- Is there any visible white, blue or black smoke in the work place with a strong smell of diesel exhaust?
- Are there any visible soot deposits in the work place?
- Do you worry that any exposure to diesel exhaust in your work place can make you ill?

You answered "YES" to one or more of these questions

### ACTION TO TAKE

Raise the issue with your supervisor.  
Refer to the ***Internal complaint resolution process*** found on [Canada.ca/labour-health-safety-reports](http://Canada.ca/labour-health-safety-reports).

### UNRESOLVED?

Refer to Labour Program by telephone 1-800-641-4049 or consult [canada.ca/workplace-health-safety](http://canada.ca/workplace-health-safety).
