Preface

The *Fiscal Reference Tables* provide annual data on the financial position of the federal, provincial-territorial and local governments. The data are presented on both a Public Accounts basis—corresponding to the accounting conventions used to report financial information to the respective legislatures—as well as on a National Accounts basis—as prepared by Statistics Canada and the Organisation for Economic Co-operation and Development.

For information or clarification, please contact Douglas Nevison at 613-995-6391, Fiscal Policy Division, Department of Finance, Ottawa, Ontario K1A 0G5.

For inquiries about computerization and database management, please call Bradley Recker at 613-992-4910.
