Preface

The *Fiscal Reference Tables* provide annual data on the financial position of the federal, provincial-territorial and local governments. The data are presented on both a Public Accounts basis—corresponding to the accounting conventions used to report financial information to the respective legislatures—as well as on a National Accounts basis—as prepared by Statistics Canada and the International Monetary Fund.

The *Fiscal Reference Tables* for the Federal Government—Public Accounts have been revised to reflect the reclassification of certain figures to conform to the current year’s presentation.

The *Fiscal Reference Tables* for Provincial Governments—Public Accounts have been revised to reflect the following changes:

- “Federal cash transfers” has been changed to “federal transfers” to reflect the fact that these amounts are reported on an accrual basis. These amounts include all funding transferred from the federal government, but not other forms of federal support such as the transfer of tax points.
- Ontario’s program expenditure, budgetary balance and net debt figures for 2015-16 have been restated since the publication of the 2015-16 Public Accounts to reverse earlier changes to the accounting treatment of jointly sponsored pension plans.
- The Northwest Territories’ Petroleum Products Stabilization Fund has been combined with program expenditures to provide a more comparable basis with other jurisdictions.

Where applicable, the *Fiscal Reference Tables* also incorporate recent Statistics Canada National Accounts revisions.

For information or clarification, please contact Bradley Recker at 613-369-5667, Fiscal Policy Division, Department of Finance, Ottawa, Ontario, K1A 0G5.

Table of Contents

Federal Government—Public Accounts

1	Fiscal transactions (millions of dollars)	9
2	Fiscal transactions (per cent of GDP)	10
3	Revenues (millions of dollars)	11
4	Revenues (per cent of GDP)	12
5	Revenues (per cent of total)	13
6	Other taxes and duties	14
7	Expenses (millions of dollars)	15
8	Expenses (per cent of GDP)	16
9	Expenses (per cent of total)	17
10	Major transfers to persons	18
11	Major transfers to other levels of government	19
12	Direct program expenses	20
13	Public debt charges	21
14	Interest-bearing debt	22
15	Gross and net debt	23
16	Unmatured debt held by outside parties	24
17	Actual, cyclically adjusted and cyclically adjusted primary budget balances	25

Provincial and Territorial Governments—Public Accounts

18	Newfoundland and Labrador	29
19	Prince Edward Island	29
20	Nova Scotia	30
21	New Brunswick	30
22	Quebec	31
23	Ontario	31
24	Manitoba	32
25	Saskatchewan	32
26	Alberta	33
27	British Columbia	33
28	Yukon Territory	34
29	Northwest Territories	34
30	Nunavut	35
31	All provinces and territories (millions of dollars)	36
32	All provinces and territories (per cent of GDP)	36

National Accounts

33	Total government revenue	39
34	Total government expense	40
35	Total government saving and capital and financial account	41
36	Federal government revenue	42
37	Federal government expense	43
38	Federal government saving and capital and financial account	44
39	Provincial and territorial government revenue	45
40	Provincial and territorial government expense	46
41	Provincial and territorial government saving and capital and financial account	47
42	Local government revenue	48
43	Local government expense	49
44	Local government saving and capital and financial account	50
45	Total Canada Pension Plan and Québec Pension Plan	51
46	Total government actual, cyclically adjusted and cyclically adjusted primary budgetary balances	52
47	Federal government liabilities and assets	53
48	Provincial, local and Aboriginal governments' liabilities and assets	54
49	Social security funds	55
50	Total government liabilities and assets	56

International Fiscal Comparisons

51	G7 general government revenue	59
52	G7 general government total expenditure	60
53	G7 general government overall balance	61
54	G7 general government net debt	62
55	G7 general government gross debt	63

⁽¹⁾ In 1996-97, the Canada Health and Social Transfer (CHST) was introduced to replace the Canada Assistance Plan, education support, and insurance and medical care. Since April 2004, the CHST has been divided into the Canada Health Transfer and the Canada Social Transfer. Due to a break in the series following the introduction of full accrual accounting, data from 1983-84 onward are not directly comparable with earlier years.

Sources: Statistics Canada; Public Accounts of Canada; Department of Finance.

Estimates are based on an update of the methodology developed in the Department of Finance working paper "Fiscal Policy and the Business Cycle: A New Approach to Identifying the Interaction" (2003), Stephen Murchison and Janine Robbins. In particular, this update incorporates the cyclical impact of commodity prices in the calculation of the cyclical component and a treatment of the Employment Insurance Account that is reflective of the current regime.

⁽¹⁾ For some specific years, temporary counter-cyclical fiscal measures (e.g. most temporary measures implemented in response to the 2008-2009 global recession), as well as punctual factors such as one-time gains or expenses (e.g. related to sales tax harmonization, Alberta Flood Costs), are included in the cyclical component of the balance and therefore excluded from the cyclically-adjusted budgetary balance.

Sources: Public Accounts of Quebec (components of revenues and expenditures restated from *Additional Information 2017-2018* document); for 2016-17: 2017 Budget.

⁽¹⁾ Includes extraordinary losses of the Société générale de financement du Québec of \$91 million, \$339 million, and \$358 million in 2001-02, 2002-03, and 2003-04, respectively, as well as Hydro-Québec's extraordinary loss of \$1.876 billion stemming from the closure of the Gentilly-2 nuclear power plant in 2012-13.

⁽²⁾ Federal transfers are presented on a cash basis until 2004-05 and on an accrual basis thereafter.

⁽³⁾ Includes Contingency Reserve.

⁽⁴⁾ Includes impact of accounting changes in 2009-10 and 2014-15 and the impact of activities abandoned following the decision to close the Gentilly-2 nuclear power plant in 2012-13.

Due to a break in the series following the implementation of the accounting reform, data from 1997-98 onward, 2006-07 onward, and 2009-10 onward are not directly comparable with earlier years. The government has prepared consolidated financial statements since 1997-98. From 2006-07 to 2008-09, the net results of the health and social services and education networks were established using the modified equity method.

As of 2009-10, the revenue and expenditure of the networks are consolidated line by line, like those of non-budget-funded bodies and special funds.

Sources: Public Accounts of Ontario.

Starting in 1993-94, all numbers are presented based on the Public Sector Accounting Board accounting system.

Due to a break in the series, data from 2001-02 onward are not directly comparable with earlier years. Notably, education property taxes are reported as revenue, whereas previously they were netted against expenditures.

Amounts for 2015-16 and 2016-17 are not directly comparable with earlier years as they have been restated to reflect a presentation change for hospitals, school boards and colleges. Third-party revenue for these organizations, previously netted against sector expenses, is now classified as revenue.

Sources:

- 1990-91 to 2003-04: 2009-10 *Government of Alberta Annual Report*, Executive Summary, Historical Fiscal Summary table, with program expense adjusted to include annual pension provision expense (i.e. annual change in unfunded pension liabilities) beginning in 1993-94;

- 2004-05 to 2007-08: 2005-06 to 2008-09 *Government of Alberta annual reports*, Consolidated Financial Statements (i.e. Public Accounts of Alberta);

- 2008-09 to 2016-17: 2016-17 *Government of Alberta Annual Report*, Executive Summary, Historical Fiscal Summary table.

Data are not fully comparable due mainly to various changes to accounting standards. Major breaks in the series include:

- 1990-91 to 1992-93: expense excludes change in unfunded pension liabilities; net financial debt / (assets) does include unfunded pension liabilities;

- 1993-94 to 2003-04: SUCH sector (school boards, universities and colleges, health entities) own-source revenue and expense, and assets and liabilities not included in numbers (grants to these entities are included in expense);

- 2004-05 to 2007-08: SUCH sector included on "net equity" basis (net revenue included in revenue; net assets included in assets);

- 2008-09 to 2016-17: SUCH sector included on "line-by-line" basis (revenue, expense, assets and liabilities reported in revenue, expense, assets and liabilities).

⁽¹⁾ Federal transfers include: \$1,582 million in accrued revenue for 2013 Alberta flood assistance in 2013-14; less \$423 million in 2014-15, \$80 million in 2015-16 and \$29 million in 2016-17, following revisions to original estimates of disaster recovery costs and associated federal revenue accrued in 2013-14; a \$251 million Fiscal Stabilization Program payment in 2015-16; and accrued revenue of \$495 million in wildfire assistance in 2016-17.

Sources: Public Accounts of British Columbia and *Financial and Economic Review* documents.

⁽¹⁾ Includes the impacts of the joint trusteeship of pension plans, restructuring exit expenses, negotiating framework incentive payments, climate action dividends, and \$1,599 million for Harmonized Sales Tax transition funding repayment in 2011-12. These items are included in total expenditures in B.C. fiscal reporting.

Due to a break in the series following the move to fully comply with generally accepted accounting principles, data from 1998-99 onward are not directly comparable with earlier years.

Source: Statistics Canada, Government Finance Statistics (Table 385-0032); Department of Finance

Estimates are based on an update of the methodology developed in the Department of Finance working paper "Fiscal Policy and the Business Cycle: A New Approach to Identifying the Interaction" (2003), Stephen Murchison and Janine Robbins. In particular, this update incorporates the cyclical impact of commodity prices in the calculation of the cyclical component and a treatment of the Employment Insurance Account that is reflective of the current regime.

⁽¹⁾ For some specific years, temporary counter-cyclical fiscal measures (e.g. most temporary measures implemented in response to the 2008-2009 global recession), as well as punctual factors such as one-time gains or expenses (e.g. related to sales tax harmonization, Alberta Flood Costs), are included in the cyclical component of the balance and therefore excluded from the cyclically-adjusted budgetary balance.
