**Subject: Proposed Amendments to the *Canadian Turkey Marketing Quota Regulations, 1990***

Dear Mr. Ference,

At its January 14, 2026, meeting, the Farm Products Council of Canada (Council) reviewed the proposed amendment to the *Canadian Turkey Marketing Quota Regulations, 1990*, as outlined in your letter of December 10, 2025, for the 2025-26 control period, which began on April 27, 2025, and ends on April 25, 2026.

Following a thorough review of the rationale provided by the Turkey Farmers of Canada and internal analysis, Council members found that the amendments are necessary for the implementation of the marketing plan as contained in the *Canadian Turkey Marketing Agency Proclamation*. Therefore, the amendments were approved and will come into force on the date which they are registered.

Should you have any questions, please do not hesitate to contact me or Lisa Melanson-Daigle, Council Secretary, by email at [fpcc.secretariat.cpac@fpcc-cpac.gc.ca](mailto:fpcc.secretariat.cpac@fpcc-cpac.gc.ca).

Dear Mr. Douglas:

Re: **Canadian Turkey Quota Regulations 2025/2026**

Please find enclosed a submission from the Turkey Farmers of Canada (TFC) revising the 2025/2026 Quota Regulation. We request that this be given consideration and prior approval by the Farm Products Council of Canada at its earliest convenience.

The proposed allocation is due to a request by the Province of Ontario for an increase to its conditional allocation under Section 2 of the Export Policy that was approved at the TFC 284<sup>th</sup> Meeting of December 3-4, 2025. The rationale for the proposed allocation amendment, reflecting the decisions of the TFC Directors, is set out in the submission and appendices.

Should your staff have any questions on this submission, please do not hesitate to have them contact our office.

We look forward to the Council's consideration and prior approval of this amendment.

Sincerely,

Adam Power

**Submission to:** Farm Products Council of Canada  
**Regarding:** Amendment to the Schedule to the Canadian Turkey Marketing Quota Regulation (1990) for 2025/2026

**Date:** December 10, 2025

This amendment to the 2025/2026 Schedule to the Canadian Turkey Marketing Quota Regulation reflects the decision of the Turkey Farmers of Canada (TFC) Directors at their meeting of December 3-4, 2025, to adjust the conditional allocation under Section 2 of the Export Policy. The rationale for revising the federal quota for inter-provincial and export trade of turkey to 168,714,542 kg for the 2025/2026 Control Period is detailed in the following sections.

## **Contents:**

- 1) Relevant Motion
- 2) Federal Turkey Allocations
- 3) Proposed Amendment: Section 2 of the Export Policy
- 4) TFC Policies and Statutory Obligations
- 5) Revised 2025/2026 Federal Quota
- 6) List of Appendices

### 1) Relevant Motion

During the TFC 284<sup>th</sup> Meeting of December 3-4, 2025, the following motion was passed that necessitates this Quota Order submission:

*To approve the request from Ontario to revise their conditional allocation under Section 2 of the Export Policy to 4,268,368 kg for the 2025/2026 Control Period.*

### 2) Federal Turkey Allocations

As per the TFC Commercial Allocation Policy, conditional policies, previous decisions and relevant motions, the 2025/2026 federal quota for turkey, excluding the unregulated area, consists of the following components:

### 2025/2026 Federal Turkey Allocations

		Pounds	Kilograms
A	Commercial Allocation	284,396,320	129,000,000

L=A+B+C+I+J-K	Total Quota	371,951,900	168,714,542
M	Base Allocations	213,940,000	97,041,552
N=L-M	Over Base Allocations	158,011,900	71,672,990

### 3) Proposed Amendment: Section 2 of the Export Policy

Allocations under this policy provision enable production by firms that export whole birds and/or breast meat along with co-product wings, thighs, and drums. Whole bird exports earn utilizations on a 1-to-1 basis. Part exports generate utilizations if breast meat and co-product wings, thighs and drums are exported. Allocations are based on forecasts provided by Provincial Boards at the request of exporters within their province that utilize this policy. Due to a request by a firm in Ontario, that province's allocation under this policy has increased by 1,800,000 kg to 4,268,368 kg.

### 4) TFC Policies and Statutory Obligations

This amendment adheres to the terms of the TFC Export Policy.

### 5) Revised 2025/2026 Federal Quota
