# Overview

## Registration Decision Statement<sup>1</sup> for Deltamethrin

Health Canada's Pest Management Regulatory Agency (PMRA), under the authority of the *Pest Control Products Act*, is granting registration for the sale and use of Deltamethrin Technical Insecticide and Annihilator PolyZone containing the technical grade active ingredient deltamethrin to control crawling and flying insect pests by application on indoor and outdoor surfaces of agricultural buildings and structures.

This decision is consistent with the Proposed Registration Decision PRD2019-07, *Deltamethrin and Annihilator PolyZone*, which contains a detailed evaluation of the information submitted in support of this registration. The evaluation found that, under the approved conditions of use, the health and environmental risks and the value of the pest control products are acceptable. Health Canada received a comment on PRD2019-07 expressing support of the registration of these products.

## Other Information

The relevant test data on which the decision is based (as referenced in PRD2019-07) are available for public inspection, upon application, in the PMRA's Reading Room (located in Ottawa). For more information, please contact the PMRA's Pest Management Information Service by phone (1-800-267-6315) or by e-mail ([hc.pmra.info-arla.sc@canada.ca](mailto:hc.pmra.info-arla.sc@canada.ca)).

Any person may file a notice of objection<sup>2</sup> regarding this registration decision within 60 days from the date of publication of this Registration Decision. For more information regarding the basis for objecting (which must be based on scientific grounds), please refer to the Pesticides section of the Canada.ca website (Request a Reconsideration of Decision) or contact the PMRA's Pest Management Information Service.
