Registration Decision Statement¹ for Stearic Acid and Related Fatty Acids

Health Canada's Pest Management Regulatory Agency (PMRA), under the authority of the [Pest Control Products Act](#), is granting registration for the sale and use of Stearic Acid and Related Fatty Acids Technical and Rodents Away Odor Free containing the technical grade active ingredient stearic acid and related fatty acids, for use as a mouse repellent in indoor spaces such as homes and recreational vehicles.

This decision is consistent with the Proposed Registration Decision PRD2020-02, *Stearic Acid and Related Fatty Acids and Rodents Away Odor Free*, which contains a detailed evaluation of the information submitted in support of this registration. The evaluation found that, under the approved conditions of use, the health and environmental risks and the value of the pest control products are acceptable. Health Canada received no comments on PRD2020-02.

Other Information

The relevant test data on which the decision is based (as referenced in PRD2020-02) are available for public inspection, upon application, in the PMRA's Reading Room (located in Ottawa). For more information, please contact the PMRA's Pest Management Information Service by phone (1-800-267-6315) or by e-mail (hc.pmra.info-arla.sc@canada.ca).
