**Subject: Port Infrastructure Construction Project – Deception Bay
COFEX-North Questions and Comments Regarding Impact Statement**

Dear Ms. Amyot:

The Federal Environmental and Social Impact Review Panel North (COFEX-North) has proceeded with analysis of the information in the impact statement received in December 2011 and in the correspondence filed March 8, 2012. Analysis of the project is being done in accordance with the requirements and principles stipulated in Section 23 of the James Bay and Northern Quebec Agreement (JBNQA).

Enclosed herewith is a list of the COFEX-North's questions and comments. The information requested will enable the committee to pursue the analysis within its areas of responsibility and expertise. Note that the questions were formulated on the basis of the content of the previously mentioned documents and that any modification to the project sent after April 10, 2012, to COFEX-North will call for another review by the panel. It is therefore possible that other information may be requested later.

If you require any information, please contact Anne-Marie Gaudet by telephone at 418-648-7831 or by e-mail at anne-marie.gaudet@ceaa-acee.gc.ca.

Sincerely,

Claude Langlois
COFEX-North Chair
