Minister's message

On behalf of Immigration, Refugees and Citizenship Canada, I am pleased to present our report on fees for 2019–20.

The *Service Fees Act* provides a modern legislative framework that enables cost-effective delivery of services and, through better reporting to Parliament, improves transparency and oversight.

Similar to last year, a detailed listing of individual fees under the department's authority, along with anticipated increases, was included with the reporting requirements.

This year's report will continue to provide more detail on each fee, such as the type and rate of adjustment, the service standard and the performance result. This information provides additional context on each fee, in the spirit of open and transparent fee management.

I welcome the increased transparency and oversight that the *Service Fees Act's* reporting regime embodies.

The Honourable Marco E.L. Mendicino, PC., M.P.
Minister of Immigration, Refugees and Citizenship

About this report

This report, which is tabled under section 20 of the *Service Fees Act* and section 4.2.8 of the *Directive on Charging and Special Financial Authorities*, contains information about the fees that Immigration, Refugees and Citizenship Canada had the authority to set in 2019–20.

Government of Canada departments may set fees for services, licences, permits, products, the use of facilities; for other authorizations of rights or privileges; or to recover, in whole or in part, costs incurred in relation to a regulatory scheme.

For reporting purposes, fees must be categorized under the following three fee setting mechanisms:

1. Act, regulation or fees notice
 - An act of Parliament delegates the fee setting authority to a department, minister or Governor in Council.
2. Contract
 - Ministers have the authority to enter into contracts, which are usually negotiated between the minister and an individual or organization, and which cover fees and other terms and conditions. In some cases, that authority may also be provided by an act of Parliament.
3. Market-rate or auction or both
 - The authority to set these fees is pursuant to an act of Parliament or regulation, and the minister, department or Governor in Council has no control over the fee amount.

This report contains information about all fees that are under Immigration, Refugees and Citizenship Canada’s authority, including any that are collected by another department.

The information covers fees that are subject to the *Service Fees Act* and fees that are exempted from the *Service Fees Act*.

For fees set by contract, fees set by market-rate, auction or both, the report provides totals only. For fees set by act, regulation or fees notice, it provides totals for fee groupings, as well as detailed information for each fee.

Although the fees that Immigration, Refugees and Citizenship Canada charges under the *Access to Information Act* are subject to the *Service Fees Act*, they are not included in this report. Information on Immigration, Refugees and Citizenship Canada’s access to information fees for 2019–20 can be found in our access to information report, which is posted on [Access to Information Act, Privacy Act, Annual Report 2019-2020](#)ⁱ.

Remissions

A remission is a partial or full return of a fee to a fee payer who paid for a service for which a department deemed that the service standard was not met.

Under the *Service Fees Act*, departments must develop policies for determining whether a service standard has been met and for determining how much of a fee will be remitted to a fee payer if a service standard is not met. This requirement will not take effect until April 1, 2021, so this report does not include remissions issued under the *Service Fees Act*. It does, however, include remissions issued under section 23 the *Financial Administration Act*.

Overall totals, by fee setting mechanism

The following table presents the total revenue, cost and remissions for all fees that Immigration, Refugees and Citizenship Canada had the authority to set in 2019–20, by fee setting mechanism.
