Electronic Travel Authorization (eTA)

Application Help Guide

This three-part guide will help you correctly complete your application form for an Electronic Travel Authorization (eTA).

- **Part 1**: for parent/guardians or representatives applying on behalf of someone.

- **Part 2**: for all applicants. What you need to know to complete the form accurately. Includes instructions for lawful permanent residents of the United States.

- **Part 3**: What to expect after you have submitted your application.

Before you submit your application, review it carefully. Make sure it is complete and accurate. **Entering incorrect information could lead to a delay or even a refusal of your eTA application, and/or prevent you from boarding your flight.**
PART 1: Parent/Guardian or Representative Details

If you are not a parent/guardian or representative applying for an eTA for someone else, go to Part 2 of this guide to find out how to complete the form for yourself.

The first question asks if you are a parent/guardian or a representative applying for an eTA on behalf of someone.

A representative is a person who has the permission of someone wanting to travel or immigrate to Canada to conduct business with Immigration, Refugees and Citizenship Canada (IRCC) on their behalf. The representative can be paid or unpaid and also constitutes parents or guardians applying on behalf of a child.

When someone appoints a representative, they may also authorize IRCC to share information from their case file with this person. Canada's immigration law covers representatives and defines the terms of their services.

In the fields below, select YES or NO.
PART 1 (A): Parent/Guardian or Representative Details.

If you are not a US LPR, proceed to the next page to continue with your eTA application.
PART 2 (B): Passport details of applicant

Be extra careful when you enter your passport information.

If you enter the wrong passport number, you may not be able to board your flight to Canada.

- You may only find out at the airport if you made a mistake.
- You’ll have to reapply for an eTA.
- Depending on your situation, it may not be possible to get an eTA at the last minute.

Tips to enter your passport number correctly:

- Enter the passport number that is at the top of the passport information page (the page with your photo).
  - Do not enter the number on the first page of your passport, or the number at the bottom of the page with your photo.
- Most passport numbers are 8 to 11 characters long. If the number you plan to enter is much shorter or longer than this, check that you are using the right number.
- Passport numbers are made up of a combination of letters and numbers. Be extra careful with the letter O and the number 0, and the letter I and the number 1.
- Don’t enter any special characters (like a hyphen) or spaces.

French passport holders
Last name is also known as family name.

First name is also known as given name.

Enter ALL name(s) as they appear on your passport.

Amended name
If your passport includes a manual amendment to your name(s) in the observations section of your passport, enter your name(s) as it appears in that section. An observations page refers to a section of your passport where authorized immigration officials can make important notes (observations).
Apostrophes

If your name has an apostrophe, enter it on the form. Example: D'Orsay, O'Neil.

Order of names

Refer to the machine-readable zone on your passport (the portion below your photo and biographic information, sometimes called a "barcode") to confirm in what order you should enter your names on the application. On the first line of that portion of your passport, you will most likely see a letter, a chevron (<), an abbreviation of your nationality, your family name, two chevrons (<<) and your given name(s).

If your name(s) is/are shortened or cut off in this portion of your passport, but the full name(s) is spelled out in the upper portion of your passport, enter your name(s) as it/they appear(s) in the top portion. But always rely on the bottom portion to determine the order of your name(s).

Filial relationships

If your passport includes "son of" or "daughter of," or "bin" or "bint" and your father's name in the top or bottom portions of your passport, do not enter this text or your father's name in either of the name fields of the application form.

For example, if your passport indicates Ahmad bin Husain bin Muhammad in one field, please enter the Family Name as Husain and the Given Name as Ahmad.

If your passport indicates a filial relationship with "ibn," "ben" or "ould wuld," and your father's name in the upper or lower portions of the page, please do not enter this or your father's name in either name field when you are completing the application form. For example, if your passport indicates Husain Ould Ahmad Ould Muhammad in one field, please enter the Family Name as Ahmad and the Given Name as Husain.

Hyphens

If your name has a hyphen, enter it on the form. Example: Mary-Anne, Smith-Hansen.

Only one name on passport

If there is only one name line on the passport, put the whole name in this answer field. Also known as "surname" or "family name".

Use of mother's, father's or ancestor's name

If the name on your passport includes the name of your mother, father, grandfather or earlier male ancestor in the machine-readable zone on your passport (the portion below your photo and biographic information, sometimes called a "barcode"), enter that spelling of your name on the application form.
Spousal relationships

If your passport shows "épouse de", "epse" or "ep." ("spouse of"), "wife of" or "husband of" in the top or bottom portions of your passport, do not enter this or the name of your spouse in either the last name or first name fields of the application form.

Example: if your passport shows Smith EP. Paul Sajan in the family name field, and John William in the given name field, enter Smith in the last name field and John William in the first name field.

Titles, prefixes, degrees, decoration

If your passport shows a title, prefix, suffix, professional or academic qualification, decoration, honour, award, or hereditary status, do not enter this on the application form, unless it is in the machine-readable zone of your passport (the portion below your photo and biographic information, sometimes called a "barcode").

Characters of non-Roman alphabet: Only characters from the Roman script/alphabet can be entered on your application form. Example: Aa, Bb, Cc and French accents such as é, è, ê, ë, û.

Your country of nationality is responsible for making your name appear in Roman script on your passport.
Provide your date of birth, gender, country or territory and the city where you were born.

If you do not know your exact date of birth, give as much information as possible. Select your date of birth, as it appears on your passport.

From the drop-down menu, select the name of the country shown in the Place of birth field on your passport. Enter the name of the city/town/village shown in the place of birth field on your passport. If there is no city/town/village on your passport, enter the name of the city/town/village where you were born.

Select the date of issue and the date of expiry of your passport. You can find this information on the page in your passport that shows your photo and date of birth (also known as the biodata page).

Signature of applicant

After you enter your name or the name of the person you are applying for, click the “Proceed to Payment” button. You will then be asked to pay the $7 CAD fee.
PART 3 - What to expect after you submitting your application

After you pay for your application, you should get a confirmation of receipt email from IRCC within minutes. In most cases, applicants will also get an email confirming the approval of their eTA shortly after application submission.

However, some applications may need several days to process. If this is the case for your application, you can expect a confirmation of receipt email and another email from IRCC shortly after that tells you what your next steps are.

Confirmation of receipt e-mail from IRCC

If you received an email confirmation, you can use the eTA Check status tool to follow the progress of your application. To do so, you will need:

- the application number which begins with the letter V that can be found at the top of the email, and
- details from the passport you used to apply for your eTA.
Once your application has been approved, you will get the following email.

![Email Image]

**Check your passport number**

Check that the passport number included in the eTA approval email matches exactly the number in your passport. If it’s not the same, you should apply again.

If you entered the wrong passport number, you may not be able to board your flight to Canada.

- You may only find out at the airport if you made a mistake.
- You’ll have to reapply for an eTA.
- Depending on your situation, it may not be possible to get an eTA at the last minute.
SOME TIPS:

1. You can only apply and pay for one person at a time. For example, for a family of three, you will need to complete and submit the form three times.

2. Make sure to check the junk mail folder of the email address you provided on your eTA application form. Some spam filters may block automated emails from IRCC. Check the folder regularly as emails may at times be moved from your inbox to the junk mail folder.

3. Your confirmation e-mail can be used as a reference, however, you do not need to print it in order to travel. An eTA is electronically linked with your passport or travel document and is valid for five years or until passport expiry.

4. If your eTA was approved but you entered the wrong passport details such as the wrong passport number on the eTA application form, you will not be able to board your flight. To avoid potential travel delays, make sure to enter your passport number correctly.

5. Your information can't be saved and you have limited time to complete the form. Review the help document to make sure you have everything you need to complete the form.
