Consultations on  
immigration levels

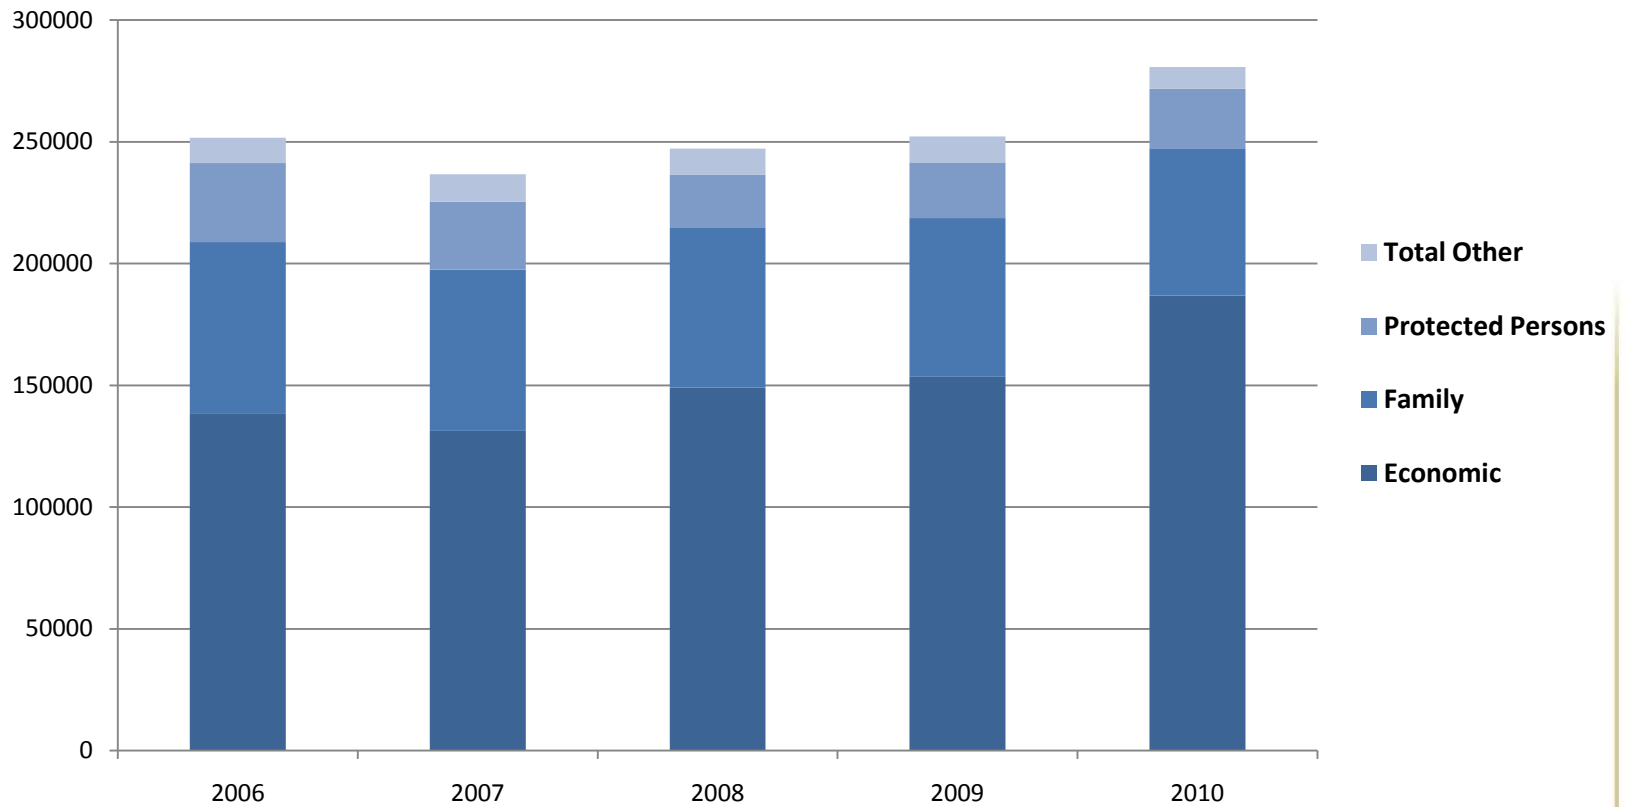

Canada

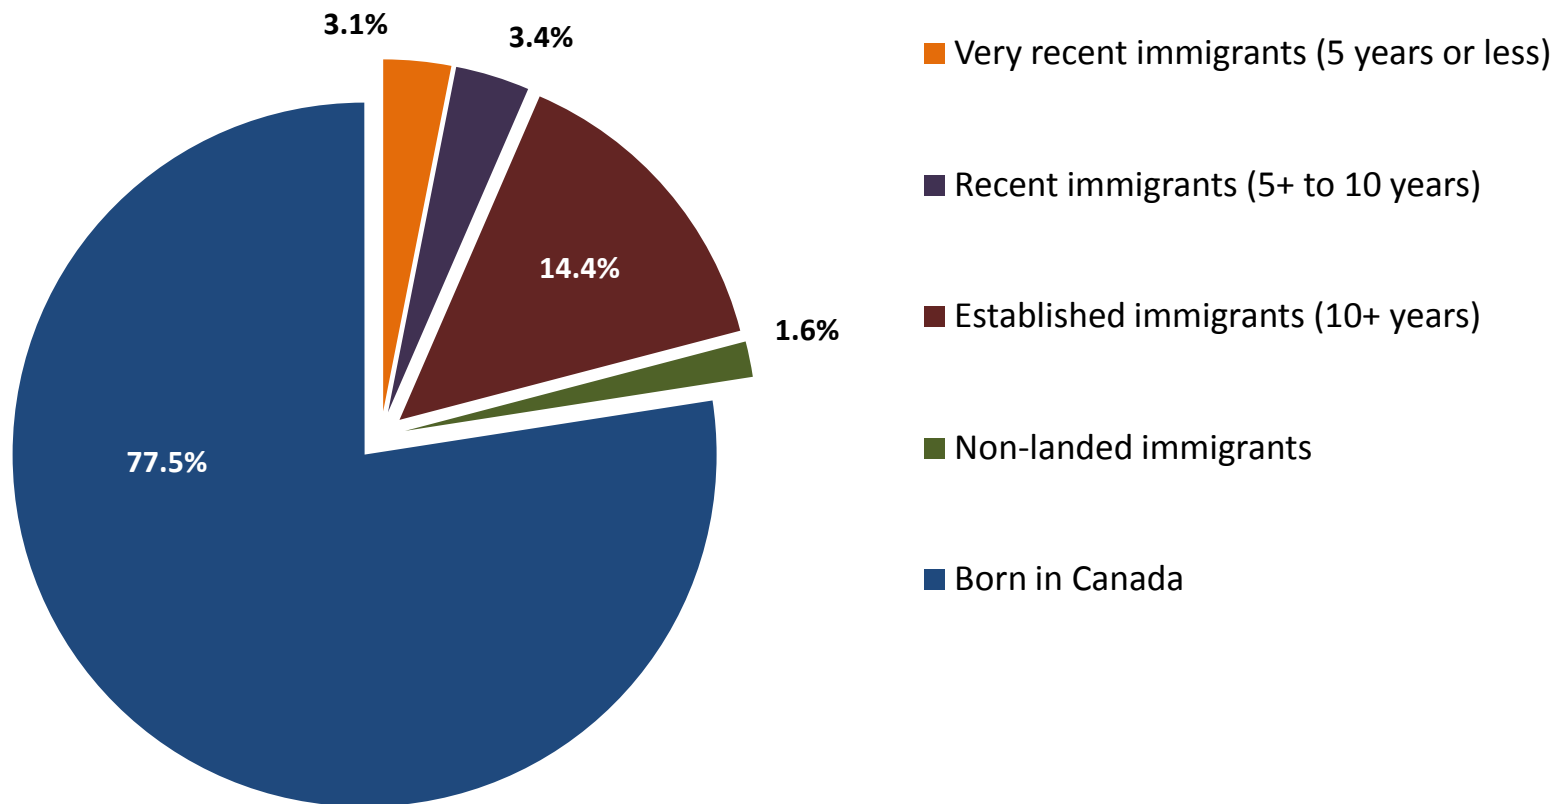

# Levels since Confederation

# In recent years, admissions have been fairly consistent

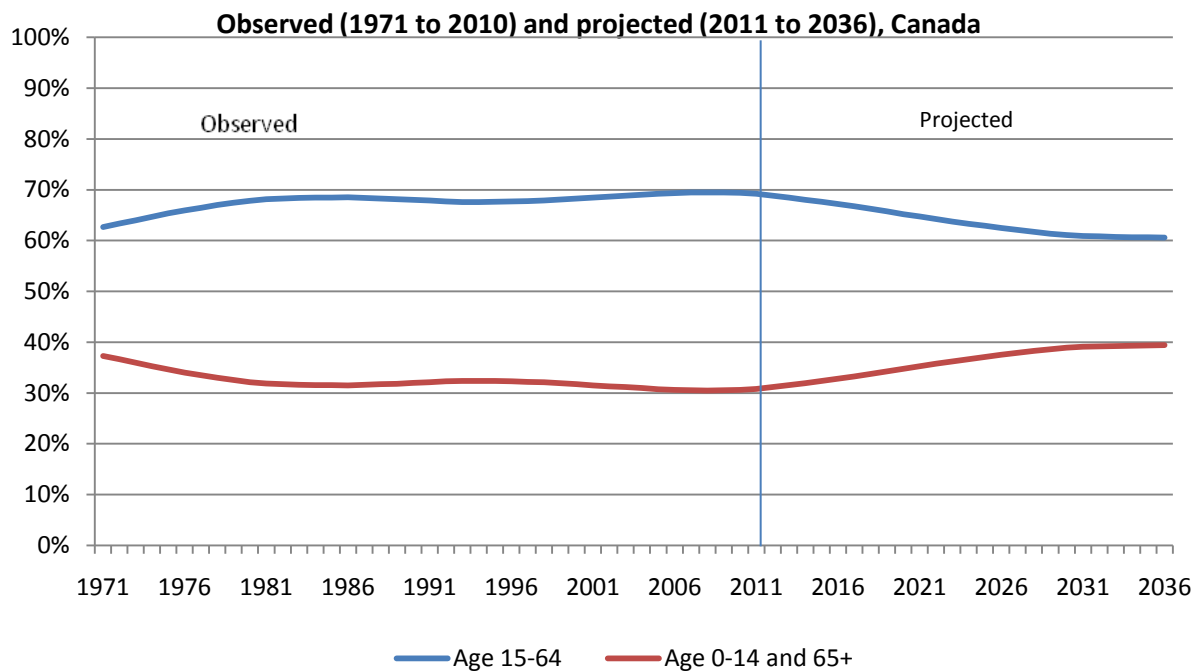

# Composition of the Canadian labour force, 2010

Source: Labour Force Survey, 2010

# Distribution of Population by Age Group

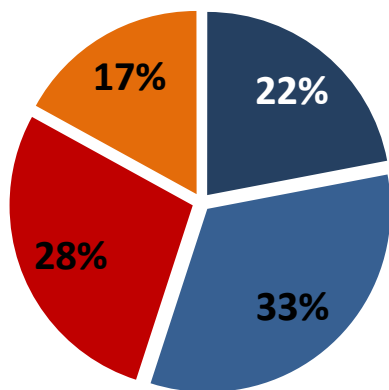

Source: Statistics Canada, Estimates of population by age group (CANSIM Table 051-0001) for 1971 to 2010, and Population Projections for Canada, Provinces and Territories, 2009 to 2036, Cat. no. 91-520-X for 2011 to 2036 (medium-growth M1 scenario).

# The levels mix

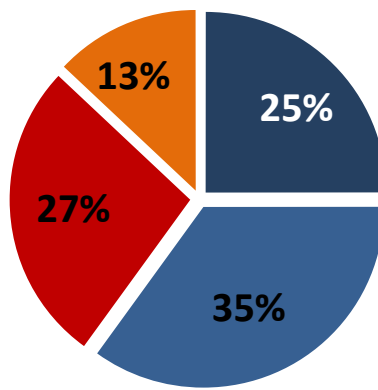

**2006**

Actual admissions: 251,642

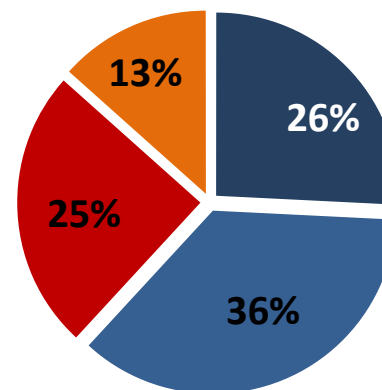

**2008**

Actual admissions: 247,242

**2011**

Planned admissions:  
240,000 - 265,000

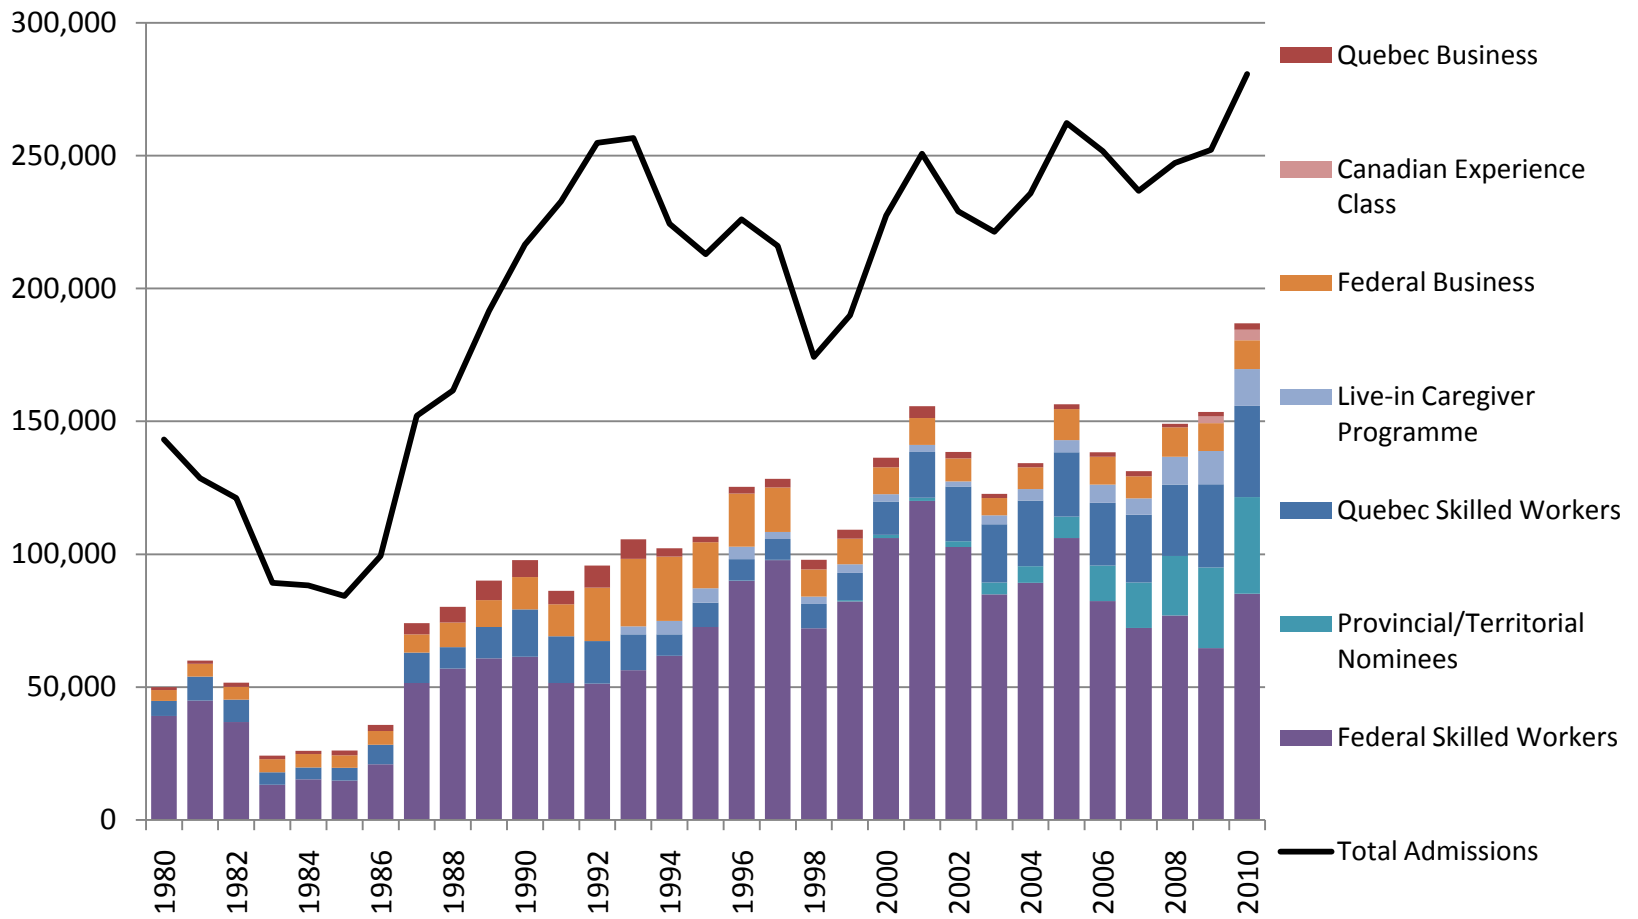

■ Economic – Primary  
■ Economic – Spouses & Dependents

■ Family Class  
■ Protected Persons & Others

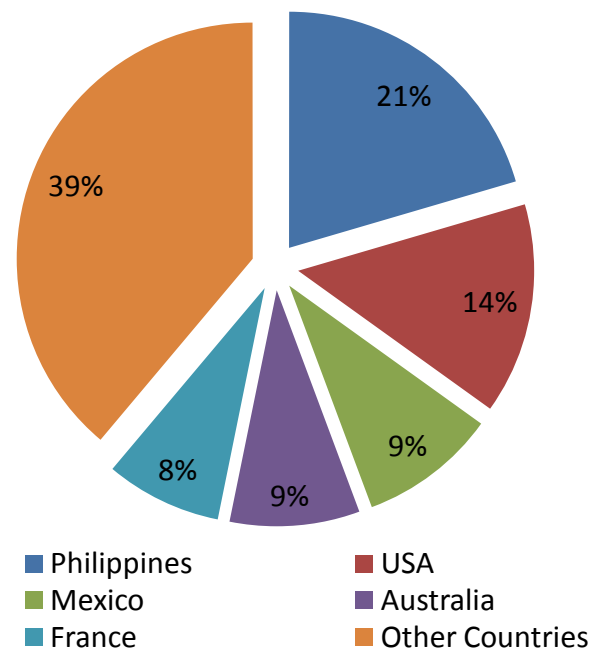

# Economic Class admissions, 1980-2010

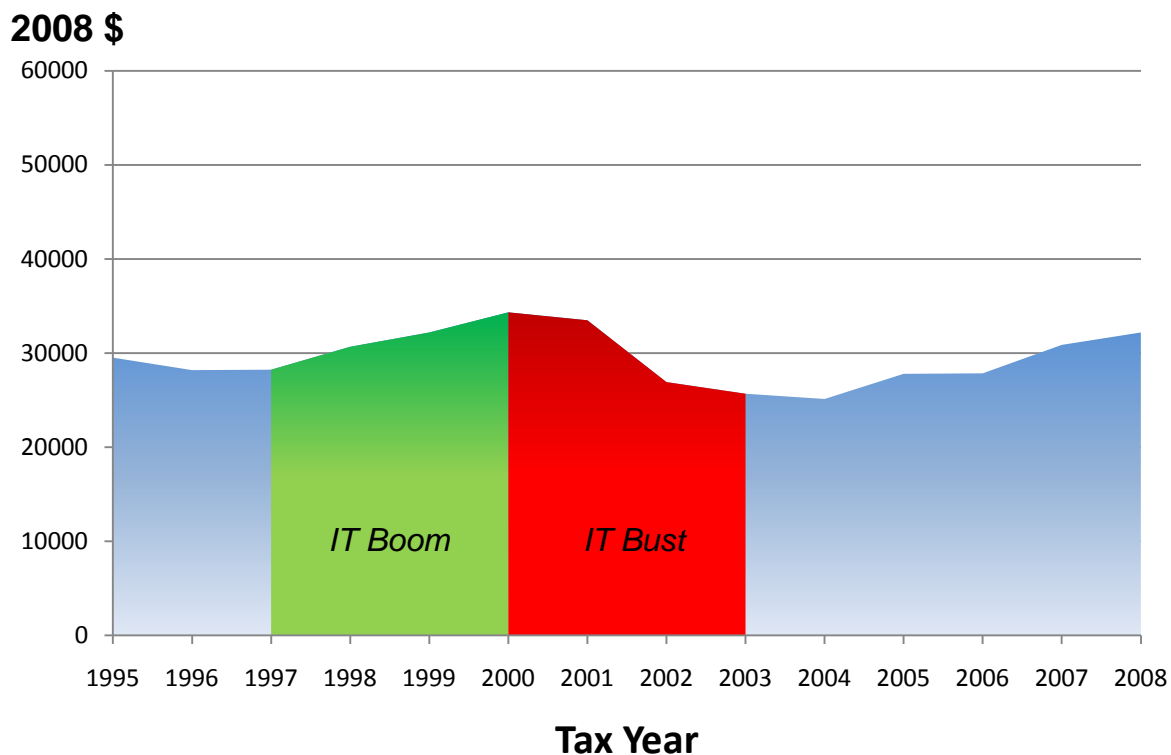

# TFWs present in Canada

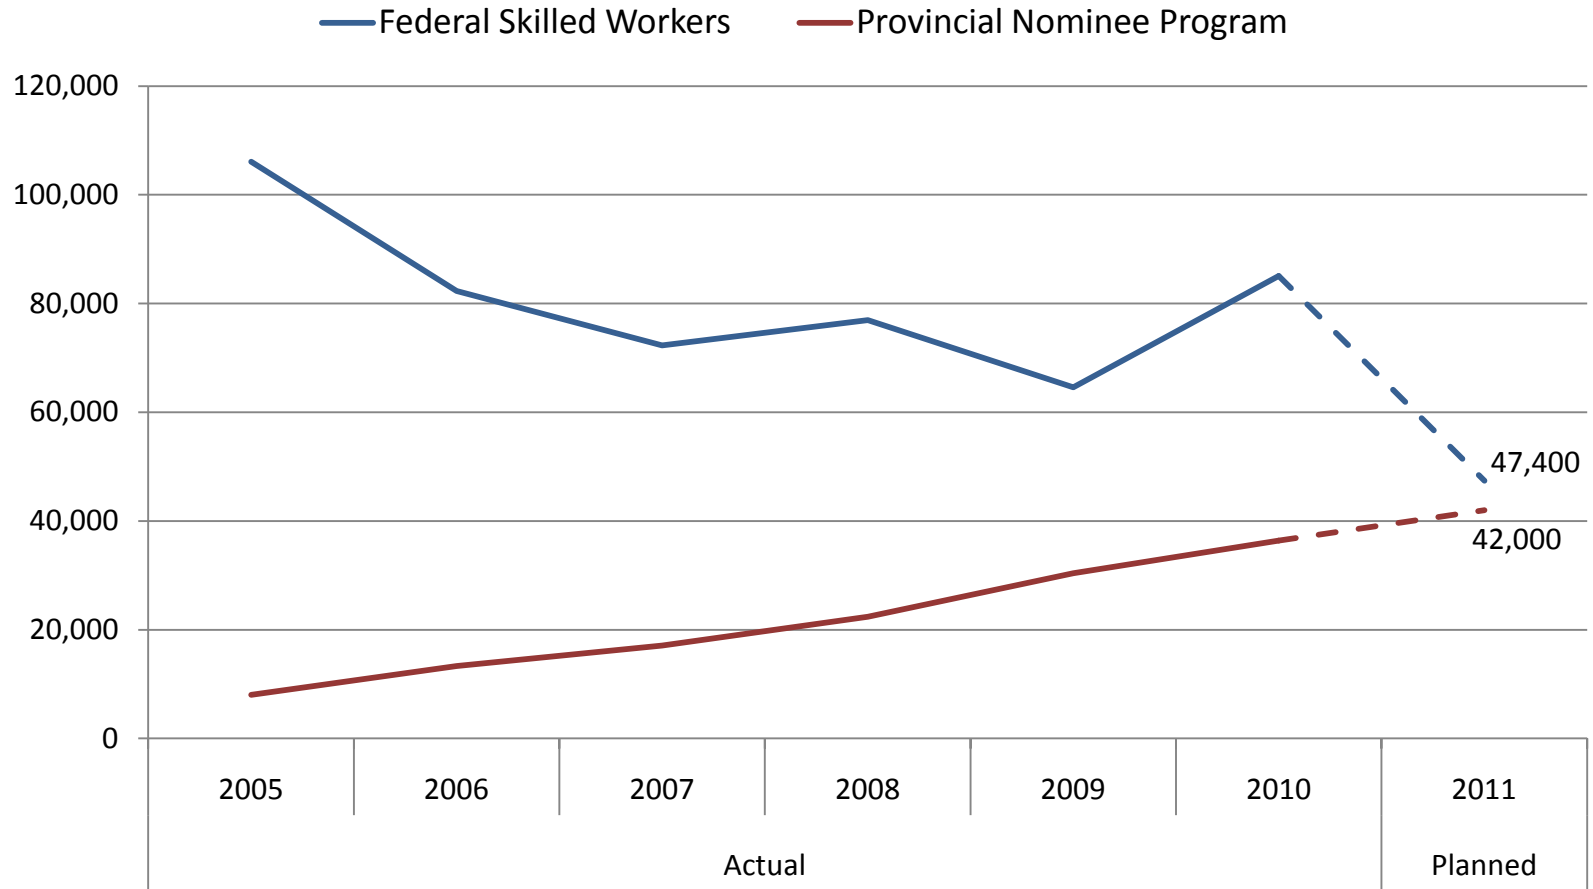

# Entry earnings have been uneven for much of the past 15-20 years

Average Employment Entry Earnings (one year after arrival) for Skilled Principal Applicants (2008\$) by tax year, 1995-2008

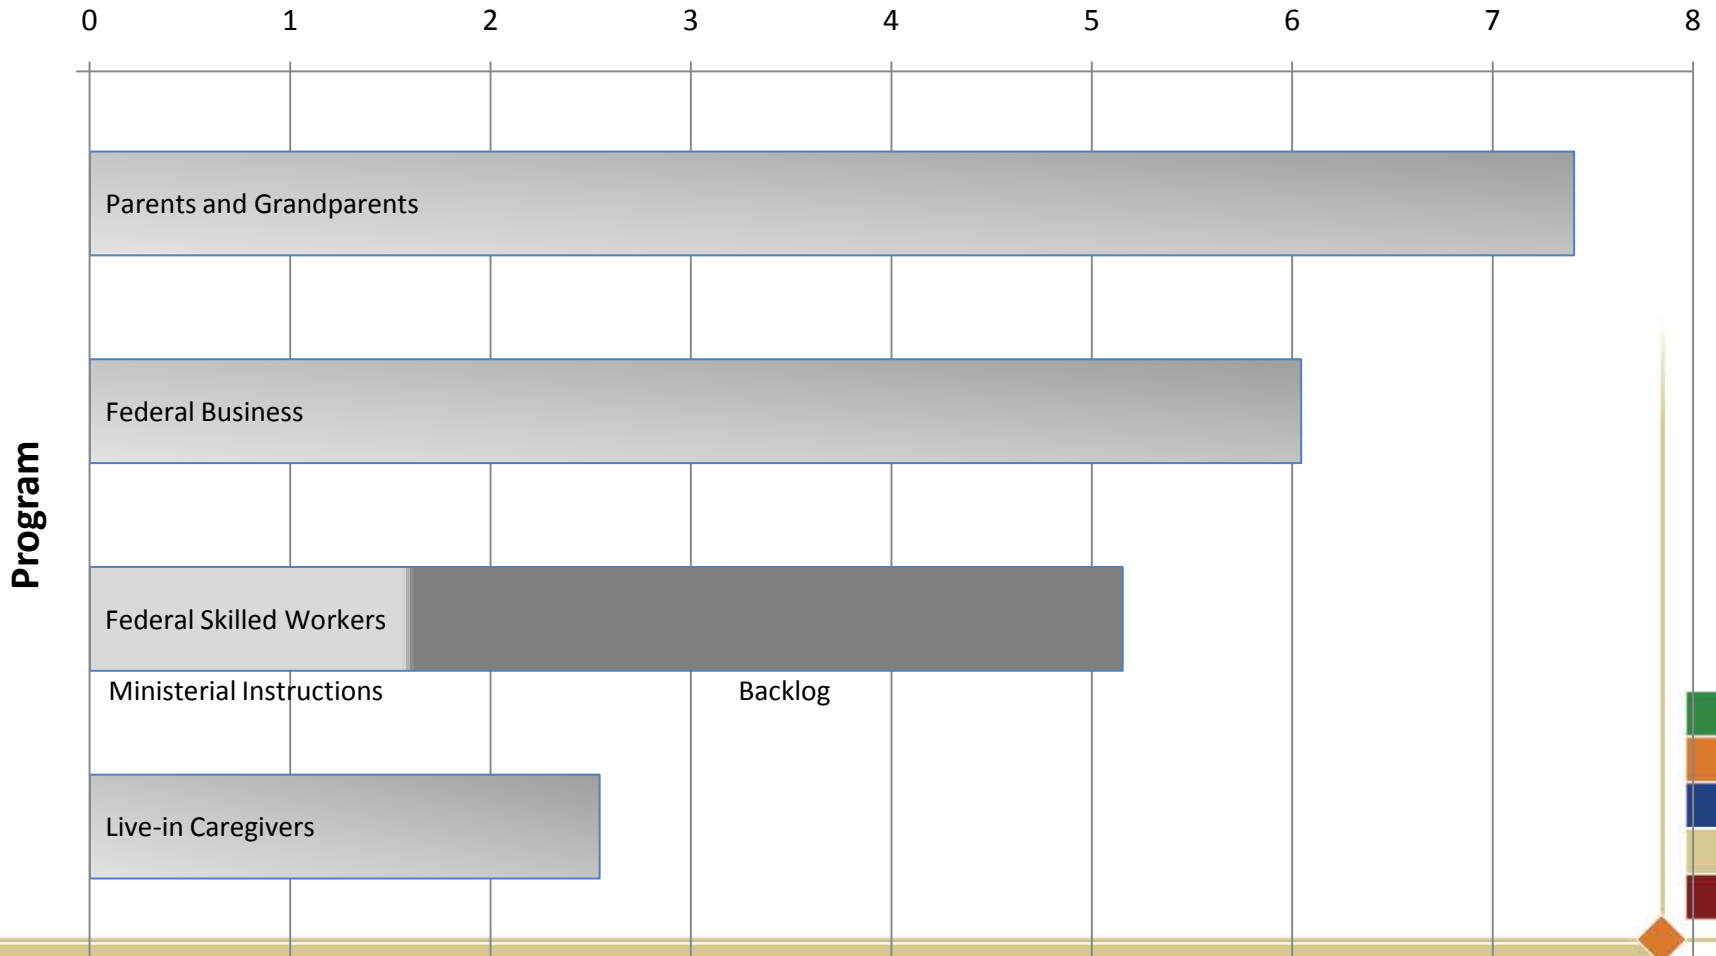

# 2005 to 2011: PNP and FSW Admissions

# CIC has many years' worth of admissions in the inventory

Number of Years' Worth of Admissions

# Federal Skilled Worker backlog
