Conditional Release Grant Rate Dataset

Foreword

The Parole Board of Canada (PBC or "the Board"), as part of the criminal justice system, makes independent, quality conditional release and record suspension decisions and clemency recommendations. The Board contributes to the protection of society by facilitating, as appropriate, the timely reintegration of offenders as law-abiding citizens.

The Board makes conditional release decisions for federal offenders, as well as for provincial offenders in provinces and territories that do not have their own provincial boards. Only the provinces of Ontario and Quebec currently have their own parole boards that make parole decisions for offenders serving sentences of less than two years.

The PBC has four programs: Conditional Release Decisions, Conditional Release Openness and Accountability, Record Suspension Decisions and Clemency Recommendations, and Internal Services.

Conditional Release Decisions is the Board's largest program. It includes: the review of offenders' cases and the making of quality conditional release decisions, including appeals ; the provision of in-depth training on how to assess the risk of reoffending ; and the coordination of program delivery throughout the Board and with the Correctional Service of Canada (CSC) and other key partners.

Conditional Release Openness and Accountability is the second largest program at the Board. It focuses on the provision of information to victims and other interested parties within the community, as well as coordinating victims' and other observers' attendance at PBC hearings, providing assistance to victims in preparing their victim statements and providing access to the Decision Registry.

Record Suspension Decisions and Clemency Recommendations, the third program at the Board, involves the review of record suspension and clemency applications and the rendering of record suspension decisions and clemency recommendations.

Internal Services, although a separate program, exists to support the Board's main activities by providing procurement, accommodation, and financial management as well as human resource services.

The PBC publishes an annual [Performance Monitoring Report](#) which provides a broad range of statistical information on its programs.

The report presents information using easy to read graphs as well as text and provides links to detailed statistical tables which are found in the Appendix.

The [Department Performance Reports](#) provides information on the Board's performance by strategic outcome and financial expenditures.

Additional information on the PBC's environment can be found in the PBC's [Quick Stats Fact Sheets](#).

About this Dataset

The Conditional Release Grant Rate dataset provides information on the number of conditional releases granted/directed/continued/approved/authorized and the number of conditional releases denied/not directed/not approved/not authorized. Decisions are sorted according to location and final decision. Items found in this dataset include, among others, jurisdiction, decision purpose, decision type, sentence type, review type, race, gender and offence type.

The data were extracted from the Conditional Release Information Management System (CRIMS) and reflect the decisions taken within the selected fiscal year.

Terms and Concepts

Number – Unique record identifier.

Race – This corresponds to the race/ethno-cultural background of the offender. This is voluntary information that is self reported by the offender.

Race Group – This groups the Race column into five categories. “Aboriginal” corresponds to offenders who self identify as “First Nations”, “Métis”, or “Inuit”. “Asian” refers to offenders who self identify as Arab, Asian-south, Asian-west, Asiatic, Asian-east/southeast, Chinese, Japanese and Korean. “Black” refers to offenders who self-identify as Black, Caribbean or Sub-Saharan Africa. “Caucasian” refers to offenders who self identify as White, British Isles, Euro-eastern, Euro-western, Euro-northern or Euro-southern. The “Other” category includes offenders who do not self identify, as well as those who self identify as Arab/West Asian, Latin American, Multiracial/Ethnic, Oceania, East Indian, Filipino, Hispanic, Other and Unable to Specify.
