

FOLDING THE NATIONAL FLAG OF CANADA – PRACTICE FLAG

DISCLAIMER: The lines and text on this flag are present for instructional purposes only, exceptionally by permission of Canadian Heritage. Their purpose is to indicate the proper way to fold the National Flag of Canada. In all other circumstances, one should not write on the National Flag of Canada, add anything to the flag's surface (by pinning, sewing or gluing/pasting), or cut or otherwise alter the flag. In order to fold the flag properly, the flag must have the proper proportions (2:1). Please cut the flag out of this page in order to obtain a flag of the right proportions.
