The Government of Canada has put in place emergency measures to slow the introduction and spread of COVID-19 and variants in Canada. You MUST QUARANTINE for 14 days, provide a suitable quarantine plan, and monitor yourself for signs and symptoms as required by the Minimizing the Risk of Exposure to COVID-19 in Canada Order (Quarantine, Isolation and Other Obligations).

You MUST

- QUARANTINE for 14 days starting on the day of your arrival
- UNDERGO two COVID-19 molecular tests in Canada. This requirement does not apply if you have evidence of a positive COVID-19 molecular test that was obtained 14 to 90 days prior to your arrival in Canada.

Given below are instructions from a Quarantine Officer on COVID-19 molecular testing in Canada:

- TAKE the first COVID-19 molecular test at the airport on the day you arrive. Follow any specific directions provided by a Quarantine Officer at the airport.
- OBTAIN a COVID-19 specimen collection kit at the airport.
- TAKE the second COVID-19 molecular test on DAY 10 of your quarantine period the kit*
- CHECK-IN upon arrival at the desk of the government-authorized accommodation you pre-booked
- REMAIN there until you receive your on-arrival test result
- IF the test result is NEGATIVE, CHECK-OUT of the government-authorized accommodation and PROCEED to your suitable place of quarantine
- If you need to take public transportation (e.g. aircraft, bus, train, subway, taxi or ride-sharing service), to your place of quarantine, follow public health measures

* Certain travellers who arrive at Calgary International Airport will be required to take the second COVID-19 molecular test at a pharmacy and will be given specific directions about the second test at the airport.

Public health measures to follow while in transit

- WEAR a well constructed, well fitting, non-medical mask while in transit, unless you are alone in a private vehicle
- PRACTICE physical distancing of 2m when possible such as sitting in the back away from the driver
- SANITIZE your hands when entering/exiting the vehicle
- AVOID contact with surfaces frequently touched by passengers or other drivers
- REMAIN in the vehicle as much as possible: pay at the pump for gas and use drive through when you need food
- AVOID stops and contact with others while in transit
- AVOID using the recirculated air option for the car’s ventilation during passenger transport; use the car’s vents to bring in fresh outside air and/or open the vehicle windows

You should

- First responders, such as paramedics
- Cleaning and maintenance staff, receptionists and administrative staff, food services staff, volunteers, essential visitors to those living in long-term care facilities
- CAN AVOID contact with others who did not travel with you
- CAN HAVE a separate bedroom from those who did not travel with you
- HAVE ACCESS to the necessities of life, including water, food, medication and heat without leaving quarantine

Referrals to designated quarantine facilities

You must follow the directions of a Quarantine Officer and enter a quarantine facility or other suitable place if:

- you do not take a test when required
- you do not have a suitable quarantine plan
- you test positive for COVID-19 while at the government-authorized accommodation
- you show signs and symptoms of COVID-19 while at the government-authorized accommodation
- you are exposed to someone who shows signs and symptoms for COVID-19

You MUST have a suitable place of quarantine where you:

- CAN STAY for 14 days or possibly longer
- WILL NOT HAVE contact with people who:
  - are 65 years or older
  - have underlying medical conditions
  - have compromised immune systems
  - work or assist in a facility, home or workplace that includes at-risk populations, including:
    - Nurses, doctors, other healthcare professionals, personal support workers, social workers
  - essential visitors to those living in long-term care facilities
- CAN AVOID contact with others who did not travel with you
- CAN HAVE a separate bedroom from those who did not travel with you
- HAVE ACCESS to the necessities of life, including water, food, medication and heat without leaving quarantine
You MUST have a suitable place of quarantine where you (cont.):

- WILL NOT STAY in group living environment. Some examples include:
  - a shelter, group home, group residence, hostels, industrial camps, construction trailers or other group setting
  - a student residence (unless you’ve received prior authorization)
  - a small apartment you share with others
  - a shared household with a large family or families or many people
  - shared living spaces with housemates who haven’t travelled with you that you cannot avoid interacting with

While in quarantine:

- RESPOND to calls or visits from screening officers or peace officers
- DO NOT leave your place of quarantine unless it is for a medical emergency, an essential medical service or treatment, to obtain a COVID-19 molecular test, or it is pre-authorized by a Quarantine Officer
- USE ONLY private outdoor spaces (i.e. balcony)
- UNDERGO any health assessments that the Quarantine Officer requires
- DO NOT have any guests
- DO NOT use shared spaces such as lobbies, courtyards, restaurants, gyms or pools

You MUST monitor your health for 14 days

The following symptoms are associated with COVID-19:

- new or worsening cough
- shortness of breath/difficulty breathing
- feeling feverish, chills, or temperature equal to or over 38°C
- skin changes or rashes (in children)
- muscle or body aches, fatigue, weakness, or feeling very unwell
- new loss of smell or taste
- headache
- gastrointestinal symptoms like abdominal pain, diarrhea, or vomiting

If you start having symptoms of COVID-19, OR you receive a positive COVID-19 molecular test, you MUST:

- Isolate yourself from others immediately for a period of 14 days that begins from the time you have developed symptoms or tested positive for COVID-19
- Follow the COVID-19 instructions of the local public health authority (see below)

The 14-day period starts again if during your quarantine period you:

- develop symptoms (e.g. a fever and cough or fever and difficulty breathing),
- test positive for COVID-19 or if you are exposed to another person who exhibits signs and symptoms or tests positive for COVID-19

Your compliance with these requirements is subject to verification and enforcement

You will be called from 1-888-336-7735 and will be visited by a screening officer or law enforcement to verify your compliance during your 14-day quarantine. You will receive calls with a pre-recorded messages and email reminders of your obligations.

Those in violation may be transferred to a quarantine facility, face fines, and/or imprisonment.

- Note that you may also be contacted by provincial or territorial authorities throughout the 14-day period.
- If federal and provincial or territorial guidelines differ, you should follow the strictest requirements.
