

POLAR KNOWLEDGE CANADA

Statement of Management Responsibility Including Internal Control over Financial Reporting

Responsibility for the integrity and objectivity of the accompanying financial statements for the year ended March 31, 2024 and all information contained in these statements rests with the management of Polar Knowledge Canada. These financial statements have been prepared by management using the Government's accounting policies, which are based on Canadian public sector accounting standards.

Management is responsible for the integrity and objectivity of the information in these financial statements. Some of the information in the financial statements is based on management's best estimates and judgment, and gives due consideration to materiality. To fulfill its accounting and reporting responsibilities, management maintains a set of accounts that provides a centralized record of Polar Knowledge Canada's financial transactions. Financial information submitted in the preparation of the *Public Accounts of Canada*, and included in Polar Knowledge Canada's Departmental Results Report, is consistent with these financial statements.

Management is also responsible for maintaining an effective system of internal control over financial reporting (ICFR) designed to provide reasonable assurance that financial information is reliable, that assets are safeguarded and that transactions are properly authorized and recorded in accordance with the *Financial Administration Act* and other applicable legislation, regulations, authorities and policies.

Management seeks to ensure the objectivity and integrity of data in its financial statements through careful selection, training and development of qualified staff; through organizational arrangements that provide appropriate divisions of responsibility; through communication programs aimed at ensuring that regulations, policies, standards, and managerial authorities are understood throughout Polar Knowledge Canada and through conducting an annual risk-based assessment of the effectiveness of the system of ICFR.

The system of ICFR is designed to mitigate risks to a reasonable level based on an ongoing process to identify key risks, to assess effectiveness of associated key controls, and to make any necessary adjustments.

The Agency is subject to periodic Core Control Audits performed by the Office of the Comptroller General and uses the results of such audits to comply with Treasury Board *Policy on Financial Management*. A Core Control Audit was performed in 2023-24 by the Office of the Comptroller General of Canada (OCG).

The financial statements of Polar Knowledge Canada have not been audited.

POLAR KNOWLEDGE CANADA

Notes to the Financial Statements (Unaudited)

For the Year Ended March 31, 2024

1. Authority and objectives

Polar Knowledge Canada is a federal agency (departmental corporation) that was established with the coming into force of the *Canadian High Arctic Research Station Act* on June 1, 2015. Polar Knowledge Canada is responsible for advancing Canada's knowledge of the Arctic, strengthening Canadian leadership in polar science and technology, and promoting the development and distribution of knowledge of other circumpolar regions, including Antarctica. Polar Knowledge Canada operates the Canadian High Arctic Research Station and conducts world-class cutting edge Arctic research out of this extraordinary facility.

The Statement of Operations and Departmental Net Financial Position presents the Core responsibilities and Internal services:

Polar Science and Knowledge: Polar Knowledge Canada is Canada's polar science agency operating out of the world-class Canadian High Arctic Research Station campus in Cambridge Bay, Nunavut. Polar Knowledge Canada performs and publishes multi-disciplinary polar research. Through its grants and contributions program, it funds external partners such as academia, northern communities and organizations who conduct research and related projects. Polar Knowledge Canada aims to include Indigenous and local knowledge wherever possible, and increases domestic and international research coordination and collaboration by leveraging resources with partners. Through workshops, conferences, social media, and other tools, Polar Knowledge Canada shares and promotes the exchange of knowledge across polar scientific and policy communities and the public. Throughout all of its core activities, Polar Knowledge Canada aims to fund and train the next generation of polar research personnel, with a focus on northern youth.

Internal Services: Internal Services are groups of related activities and resources that are administered to support the needs of programs and other corporate obligations of an organization. Internal services include only those activities and resources that apply across an organization, and not those provided to a specific program. The groups of activities are; Management and Oversight Services, Communications Services, Legal Services, Human Resources Management Services, Financial Management Services, Information Management Services, Information Technology Services, Materiel Services and Acquisition Services.

2. Summary of significant accounting policies

These financial statements are prepared using Polar Knowledge Canada's accounting policies stated below, which are based on Canadian public sector accounting standards. The presentation and results using the stated accounting policies do not result in any significant differences from Canadian public sector accounting standards.

Significant accounting policies are as follows:

(a) Parliamentary authorities

Polar Knowledge Canada is financed by the Government of Canada through Parliamentary authorities. Financial reporting of authorities provided to Polar Knowledge Canada do not parallel financial reporting according to generally accepted accounting principles since authorities are primarily based on cash flow requirements. Consequently, items recognized in the Statement of Operations and Departmental Net Financial Position and in the Statement of Financial Position are not necessarily the same as those provided through authorities from Parliament. Note 3 provides a reconciliation between the bases of reporting. The planned results amounts in the "Expenses" and "Revenues" section of the Statement of Operations and Departmental Net Financial Position are the amounts reported in the Future-oriented Statement of Operations included in the 2023-24 Departmental Plan. Planned results are not presented in the "Government funding and transfers" section of the Statement of Operations and Departmental Net Financial Position and in the Statement of Change in Departmental Net Debt because these amounts were not included in the 2023-24 Departmental Plan.

(b) Net cash provided by Government of Canada

Polar Knowledge Canada operates within the Consolidated Revenue Fund (CRF), which is administered by the Receiver General for Canada. All cash received by Polar Knowledge Canada is deposited to the CRF, and all cash disbursements made by Polar Knowledge Canada are paid from the CRF. The net cash provided by Government is the difference between all cash receipts and all cash disbursements, including transactions between departments of the Government.

POLAR KNOWLEDGE CANADA

Notes to the Financial Statements (Unaudited)

For the Year Ended March 31, 2024

2. Summary of significant accounting policies (continued)

(c) Amounts due to the CRF

Amounts due from the CRF are the result of timing differences at year-end between when a transaction affects authorities and when it is processed through the CRF. Amounts due from the CRF represent the net amount of cash that Polar Knowledge Canada is entitled to draw from the CRF without further authorities to discharge its liabilities.

(d) Revenues

Revenues are recorded in their period they are received. Pursuant to section 6(2) of the *Canadian High Arctic Research Act*, Polar Knowledge Canada can spend any money that is received through the conduct of its operations, in the fiscal year in which money is received or in subsequent fiscal years.

(e) Expenses

Expenses are recorded on the accrual basis:

- ✓ Transfer payments are recorded as an expense in the year the transfer is authorized and all eligibility criteria have been met by the recipient.
- ✓ Vacation pay and compensatory leave are accrued as the benefits are earned by employees under their respective terms of employment.
- ✓ Services provided without charge by other government departments for employer contributions to the health and dental insurance plans are recorded as operating expenses at their carrying value.

(f) Employee future benefits

- ✓ **Pension benefits:** Eligible employees participate in the Public Service Pension Plan, a multiemployer pension plan administered by the Government. Polar Knowledge Canada's contributions to the Plan are charged to expenses in the year incurred and represent the total agency obligation to the Plan. Polar Knowledge Canada's responsibility with regard to the Plan is limited to its contributions. Actuarial surpluses or deficiencies are recognized in the financial statements of the Government of Canada, as the Plan's sponsor.
- ✓ **Severance benefits:** The accumulation of severance benefits for voluntary departures ceased for applicable employee groups. The remaining obligation for employees who did not withdraw benefits is calculated using information derived from the results of the actuarially determined liability for employee severance benefits for the Government as a whole.

(g) Accounts receivable

Accounts receivable are stated at the lower of cost and net recoverable value. A valuation allowance is recorded for accounts receivable where recovery is considered uncertain.

(h) Non-financial assets

The costs of acquiring land, buildings, equipment and other capital property are capitalized as tangible capital assets and, except for land, are amortized to expense over the estimated useful lives of the assets, as described in Note 7. All tangible capital assets and leasehold improvements having an initial cost of \$10,000 or more are recorded at their acquisition cost. Tangible capital assets do not include immovable assets located on reserves as defined in the *Indian Act*, works of art, museum collection and Crown land to which no acquisition cost is attributable; and intangible assets.

(i) Contingent liabilities

Contingent liabilities are potential liabilities which may become actual liabilities when one or more future events occur or fail to occur. If the future event is likely to occur or fail to occur, and a reasonable estimate of the loss can be made, a provision is accrued and an expense recorded to other expenses. If the likelihood is not determinable or an amount cannot be reasonably estimated, the contingency is disclosed in the notes to the financial statements.

POLAR KNOWLEDGE CANADA

Notes to the Financial Statements (Unaudited)

For the Year Ended March 31, 2024

2. Summary of significant accounting policies (continued)

(j) Measurement uncertainty

The preparation of these financial statements requires management to make estimates and assumptions that affect the reported and disclosed amounts of assets, liabilities, revenues and expenses reported in the financial statements and accompanying notes at March 31. The estimates are based on facts and circumstances, historical experience, general economic conditions and reflect the Government's best estimate of the related amount at the end of the reporting period. The most significant items where estimates are used are contingent liabilities, the liability for employee future benefits and the useful life of tangible capital assets. Actual results could significantly differ from those estimated. Management's estimates are reviewed periodically and, as adjustments become necessary, they are recorded in the financial statements in the year they become known.

(k) Related party transactions

Related party transactions, other than inter-entity transactions, are recorded at the exchange amount.

Inter-entity transactions are transactions between commonly controlled entities. Inter-entity transactions, other than restructuring transactions, are recorded on a gross basis and are measured at the carrying amount, except for the following:

- i. Services provided on a recovery basis are recognized as revenues and expenses on a gross basis and measured at the exchange amount.
- ii. Certain services received on a without charge basis are recorded for departmental financial statement purposes at the carrying amount.

3. Parliamentary authorities

Polar Knowledge Canada receives its funding through annual parliamentary authorities. Items recognized in the Statement of Operations and Departmental Net Financial Position and the Statement of Financial Position in one year may be funded through parliamentary authorities in prior, current or future years. Accordingly, Polar Knowledge Canada has different net results of operations for the year on a government funding basis than on an accrual accounting basis. The differences are reconciled in the following tables:

(a) Reconciliation of net cost of operations to current year authorities used

(in dollars)	2024	2023
Net cost of operations before government funding and transfers	43,724,625	34,246,440
Revenues received pursuant to subsection 6(2) of the <i>Canadian High Arctic Research Station Act</i>	385,442	331,779
Adjustments for items affecting net cost of operations but not affecting authorities:		
Services provided without charge by other government departments	(876,132)	(727,243)
Amortization of tangible capital assets	(7,656,491)	(301,858)
Decrease (increase) in vacation pay and compensatory leave	(130,213)	5,281
Decrease (increase) in employee future benefits	43,259	(13,491)
Refund of prior years' expenditures	573,134	289,249
Other	480,925	-
Total items affecting net cost of operations but not affecting authorities	(7,565,518)	(748,062)
Adjustments for items not affecting net cost of operations but affecting authorities:		
Variation in prepaid expenses	68,755	(5,588)
Acquisition of tangible capital assets	699,185	152,637
Variation in advances	119,209	157,715
Total items not affecting net cost of operations but affecting authorities	887,149	304,764
Current year authorities used	37,431,698	34,134,921

POLAR KNOWLEDGE CANADA

Notes to the Financial Statements (Unaudited)

For the Year Ended March 31, 2024

(b) Authorities provided and used

(in dollars)	2024	2023
Authorities provided:		
Vote 1 – Program expenditures	37,053,275	34,265,682
Statutory amounts:		
Revenues received pursuant to subsection 6(2) of the <i>Canadian High Arctic Research Station Act</i>	1,286,754	901,312
Contributions to employee benefits plan	1,662,695	1,396,919
Total authorities	40,002,724	36,563,913
Less:		
Lapsed authorities	(1,284,272)	(1,527,680)
Authorities available in future years	(1,286,754)	(901,312)
Current year authorities used	37,431,698	34,134,921

4. Accounts payable and accrued liabilities

The following table presents details of Polar Knowledge Canada's accounts payable and accrued liabilities:

(in dollars)	2024	2023
Accounts payable - Other government departments and agencies	1,017,935	488,342
Accounts payable - External parties	-	3,264,564
	1,017,935	3,752,906
Accrued liabilities	5,296,778	2,909,298
Total accounts payable and accrued liabilities	6,314,713	6,662,204

POLAR KNOWLEDGE CANADA

Notes to the Financial Statements (Unaudited)

For the Year Ended March 31, 2024

5. Employee future benefits

(a) Pension benefits

Polar Knowledge Canada's employees participate in the Public Service Pension Plan (the Plan), which is sponsored and administered by the Government of Canada. Pension benefits accrue up to a maximum period of 35 years at a rate of 2 percent per year of pensionable service, times the average of the best five consecutive years of earnings. The benefits are integrated with Canada/Quebec Pension Plans benefits and they are indexed to inflation.

Both the employees and Polar Knowledge Canada contribute to the cost of the Plan. Due to the amendment of the *Public Service Superannuation Act* following the implementation of provisions related to the *Economic Action Plan 2012*, employee contributors have been divided into two groups – Group 1 relates to existing plan members as of December 31, 2012 and Group 2 relates to members joining the Plan as of January 1, 2013. Each group has a distinct contribution rate.

The 2023-24 expense amounts to \$984,482 (\$912,607 in 2022-23). For Group 1 members, the expense represents approximately 1.02 times (1.02 times in 2022-23) the employee contributions and, for Group 2 members, approximately 1.00 times (1.00 times in 2022-23) the employee contributions.

Polar Knowledge Canada's responsibility with regard to the Plan is limited to its contributions. Actuarial surpluses or deficiencies are recognized in the financial statements of the Government of Canada, as the Plan's sponsor.

(b) Severance benefits

Severance benefits provided to employees were previously based on an employee's eligibility, years of service and salary at termination of employment. However, since 2011 the accumulation of severance benefits for voluntary departures progressively ceased for substantially all employees. Employees subject to these changes were given the option to be paid the full or partial value of benefits earned to date or collect the full or remaining value of benefits upon departure from the public service. By March 31, 2024, substantially all settlements for immediate cash out were completed. Severance benefits are unfunded and, consequently, the outstanding obligation will be paid from future authorities.

The changes in the obligations during the year were as follows:

(in dollars)	2024	2023
Accrued benefit obligation - beginning of year	83,272	69,781
Expense for the year	(37,065)	13,491
Benefits paid during the year	(6,194)	-
Accrued benefit obligation - end of year	40,013	83,272

POLAR KNOWLEDGE CANADA

Notes to the Financial Statements (Unaudited)

For the Year Ended March 31, 2024

6. Accounts receivable and advances

The following table presents details of Polar Knowledge Canada's accounts receivable and advances:

(in dollars)	2024	2023
Receivables - Other government departments and agencies	397,022	457,131
Receivables - External parties	181,122	260,681
Employee advances	132,432	112,228
Total accounts receivable and advances	710,576	830,040

The following table provides an aging analysis of accounts receivable from external parties and the associated valuation allowances used to their net recoverable value.

(in dollars)	2024	2023
Accounts receivable from external parties		
Not past due	181,122	9,452
Number of days past due		
1 to 30	-	103,913
31 to 60	-	4,146
61 to 90	-	9,123
91 to 365	-	100,065
Over 365	-	33,982
Total	181,122	260,681

POLAR KNOWLEDGE CANADA

Notes to the Financial Statements (Unaudited)

Other equipment, including furniture	87,804	615,065	5	-	702,874
Ships and Boats	500,555	-	-	-	500,555
Motor Vehicles (Non-Military)	291,092	84,120	490,700	-	865,912
Other Vehicles	374,493	-	-	-	374,493
Leasehold improvements	691,965	-	-	-	691,965
Total	181,670,995	699,185	692,197	-	183,062,377

Accumulated Amortization (in dollars)	Opening Balance	Amortization	Adjustments ¹	Disposals and Write-offs	Closing Balance
Buildings	25,407,602	7,078,223	-	-	32,485,825
Machinery and equipment	1,612,446	289,195	-	-	1,901,641
Informatics hardware	62,221	-	-	-	62,221
Informatics software	69,691	-	-	-	69,691
Other equipment, including furniture	31,230	8,781	-	-	40,011
Ships and Boats	84,683	50,056	-	-	134,739
Motor Vehicles (Non-Military)	291,092	122,675	-	-	413,767
Other Vehicles	148,909	37,451	-	-	186,360
Leasehold improvements	329,081	70,110	-	-	399,191
Total	28,036,955	7,656,491	-	-	35,693,446

During 2023-24, the agency transferred in buildings (net book value of \$201,492) from Crown-Indigenous Relations and Northern Affairs Canada (CIRNAC).

POLAR KNOWLEDGE CANADA

Notes to the Financial Statements (Unaudited)

For the Year Ended March 31, 2024

Net book value

(in dollars)	2024	2023
Land	1	1
Buildings	144,671,217	151,547,948
Machinery and equipment	735,982	1,025,177
Informatics hardware	-	-
Informatics software	-	-
Other equipment, including furniture	662,863	56,574
Ships and Boats	365,816	415,872
Motor Vehicles (Non-Military)	452,145	-
Other Vehicles	188,133	225,584
Leasehold improvements	292,774	362,884
Total	147,368,931	153,634,040

8. Contractual obligations

The nature of Polar Knowledge Canada's activities can result in some large multi-year contracts and obligations whereby Polar Knowledge Canada will be obligated to make future payments in order to carry out its transfer payment programs or when the services/goods are received. Significant contractual obligations that can be reasonably estimated are summarized as follows:

(in dollars)	2025	2026	2027	2028	2029 and subsequent	Total
Transfer payments	3,194,671	1,407,283	-	-	-	4,601,954
Other obligations	3,844,344	1,512,523	831,112	66,000	-	6,253,979
Total	7,039,015	2,919,806	831,112	66,000	-	10,855,933

POLAR KNOWLEDGE CANADA

Notes to the Financial Statements (Unaudited)

For the Year Ended March 31, 2024

9. Related party transactions

Polar Knowledge Canada is related as a result of common ownership to all government departments, agencies, and Crown corporations. Related parties also include individuals who are members of key management personnel or close family members of those individuals, and entities controlled by, or under shared control of, a member of key management personnel or a close family member of that individual.

Polar Knowledge Canada enters into transactions with these entities in the normal course of business and on normal trade terms.

a) Common services provided without charge by other government departments

During the year, Polar Knowledge Canada received services without charge from certain common service organizations, related to the employer’s contribution to the health and dental insurance plans. These services provided without charge have been recorded at the carrying value in Polar Knowledge Canada’s Statement of Operations and Departmental Net Financial Position as follows:

(in dollars)	2024	2023
Employer's contribution to the health and dental insurance plans	876,132	727,243
Total	876,132	727,243

The Government has centralized some of its administrative activities for efficiency, cost-effectiveness purposes and economic delivery of programs to the public. As a result, the Government uses central agencies and common service organizations so that one department performs services for all other departments and agencies without charge. The costs of these services, such as the payroll and cheque issuance services provided by Public Services and Procurement Canada are not included in the Department’s Statement of Operations and Departmental Net Financial Position.

(b) Other transactions with other government departments and agencies

(in dollars)	2024	2023
Accounts receivable	397,022	457,131
Accounts payable	1,017,935	488,342
Expenses	8,277,063	7,566,379

Expenses disclosed in (b) exclude common services provided without charge, which are already disclosed in (a).

POLAR KNOWLEDGE CANADA

Notes to the Financial Statements (Unaudited)

For the Year Ended March 31, 2023

10. Segmented Information

Presentation by segment is based on Polar Knowledge Canada's core responsibility. The presentation by segment is based on the same accounting policies as described in the Summary of significant accounting policies in note 2. The following table presents the expenses incurred and revenues for the core responsibility, by major object of expense and type of revenue. The segmented results for the period are as follows:

(in dollars)	Polar Science and Knowledge	Internal Services	2024	2023
Transfer payments				
Other Levels of Government	4,367,425	-	4,367,425	3,893,586
Non-profit institutions and other organizations	671,954	-	671,954	512,116
