## Supplementary Estimates (C), 2020–21

---

### Introduction

These Supplementary Estimates are presented in six sections:

- **Highlights of these Estimates**, including their overall impact on the Government's spending plan and appropriated authorities for the fiscal year;
- **General Information** about the Estimates process and how to use this document;
- **Key Summaries** of the authorities presented in these Estimates for Parliament's approval or information, legislation providing COVID-19 related expenditure authority, major items, and horizontal initiatives;
- **Detail by Organization** on the voted authorities sought through these Estimates, as well as updates to statutory forecasts;
- **Annex – Items for inclusion in the Proposed Schedules to the Appropriation Bill**; and
- **Additional Information** available online on statutory and voted authorities.

### Highlights of these Estimates

The Supplementary Estimates (C), 2020–21 present a total of \$8.0 billion in incremental budgetary spending, which reflects \$13.4 billion to be voted, partially offset by a \$5.4 billion decrease in forecast statutory expenditures. Roughly \$9.9 billion (74%) of the voted requirements are for the Government's response to the public health, social and economic impact on Canadians of the COVID-19 global pandemic.

These Estimates seek parliamentary approval of \$13.4 billion in new voted spending. The majority of this new spending is for:

- emergency responses to the COVID-19 pandemic, including medical research, vaccine development, public health measures in Indigenous communities, assistance to developing countries, testing, contact tracing, data management and purchases of personal protective gear and medical equipment and supplies;
- economic responses to the pandemic, including support for small and medium-sized businesses, regional air services and broadcasters; and
- government operations, including compensation adjustments for government personnel, as well as for increased expenditures due to the pandemic.

Overall, funding requirements for the top 10 organizations account for approximately 89% of the voted spending sought through these Estimates. Of those 10 organizations, these 4 are each seeking more than \$800 million to support their priorities:

- Public Health Agency of Canada (\$6.3 billion);
- Treasury Board Secretariat (\$1.7 billion);
- Department of Indigenous Services (\$1.6 billion); and
- Department of Foreign Affairs, Trade and Development (\$895.6 million).

These Estimates show, for information purposes, changes in planned statutory expenditures, including expenditures pursuant to the proposed *Economic Statement Implementation Act, 2020* (Bill C-14). The decrease of \$5.4 billion in budgetary statutory expenditures reflects a number of both increases and decreases in planned expenditures. Major increases include:

- the Canada Recovery Benefit (\$10.1 billion);
- the Canada Recovery Caregiving Benefit (\$2.9 billion);
- a payment to the Canada Infrastructure Bank (\$2.3 billion); and
- the Canada Recovery Sickness Benefit (\$780.0 million).

Decreases of forecast statutory expenditures, either due to revised forecasts in the Fall Economic Statement 2020 or to the repeal of the *Public Health Events of National Concern Payments Act*, include:

- the Canada Emergency Response Benefit (-\$11.9 billion);
- medical research and vaccine developments (-\$2.5 billion);
- the Canada Emergency Student Benefit (-\$2.2 billion); and
- acquisition of protective gear and medical equipment (-\$1.7 billion).

Any statutory expenditures expected to take place after the repeal of specific COVID-19 legislation will be charged as voted expenditures, or under other statutory authorities.

Additional information on statutory authorities for COVID-19 related expenditures is presented on page 1–5 and online.

### General Information

In order to spend money, the government must receive Parliament’s approval, either through previously adopted legislation that provides ongoing authority or on an annual basis through the introduction and passage of appropriation bills in Parliament. As with other bills, appropriation bills become law after being approved by both the House of Commons and the Senate and receiving Royal Assent.

To support Parliament’s consideration and review, the President of the Treasury Board tables in Parliament, prior to the introduction of each appropriation bill, an Estimates publication (Main or Supplementary) that provides information and details on spending authorities sought.

While the Main Estimates provide an overview of spending requirements for the upcoming fiscal year, Supplementary Estimates present information on additional spending requirements which were either not sufficiently developed in time for inclusion in the Main Estimates, or have subsequently been refined to account for developments in particular programs and services.

The Supplementary Estimates (C), 2020–21 is the third and final Supplementary Estimates planned for this fiscal year.

For these Supplementary Estimates, the President of the Treasury Board tables a document in Parliament that includes:

- A summary of the government’s incremental financial requirements;
- A comparison of the Fall Economic Statement 2020 and planned expenditures in the 2020–21 Estimates;
- An overview of major funding requests and horizontal initiatives;
- Highlights of new authority requirements and structural changes;
- Funding details by organization; and
- A proposed schedule to the appropriation bill to be approved by Parliament.

In addition to the tabled document, the following supplemental information is also available online:

- A detailed listing of statutory expenditures reported through the Estimates;
- A complete breakdown of planned expenditures by standard object, such as personnel, professional services and transfer payments;
- Planned expenditures by program or purpose in accordance with the organization’s Departmental Reporting Framework;
- A listing of planned expenditures related to COVID-19 response;
- Frozen Allotments in Voted Authorities;
- Allocations from Treasury Board Central Votes; and
- A listing of transfers between organizations.

The following terminology is used throughout this document:

- **2018–19 Expenditures** refer to the actual expenditures published in the 2019 Public Accounts (Volume II);
- **2019–20 Estimates to date** include the aggregate of the requirements reported in the Main Estimates, and Supplementary Estimates (A) and (B) of that fiscal year;
- **Authorities to date** are comprised of amounts reported in the prior Estimates of the current fiscal year, two-year appropriations and allocations of votes managed by Treasury Board;
- **These Supplementary Estimates** refer to the requirements reported through Supplementary Estimates (C);
- **Proposed Authorities** is the sum of all the amounts reported in the Estimates of the current fiscal year, two-year appropriations and allocations from votes managed by Treasury Board;
- **Budgetary expenditures** include the cost of servicing the public debt; operating and capital expenditures; transfer payments to other levels of government, organizations or individuals; and payments to Crown corporations;
- **Non-budgetary expenditures** – or loans, investments and advances – are outlays that represent changes in the composition of the Government’s financial assets. Negative figures indicate that recoveries exceed expenditures;
- **Voted** describes appropriations or expenditures for which parliamentary authority is sought through an appropriation bill; and
- **Statutory** describes appropriations or expenditures which are authorized by Parliament through legislation other than an appropriation act; forecasts are provided for Parliament’s information.

## Summary of Estimates

The Supplementary Estimates (C), 2020–21 provides information in support of voted budgetary expenditures in the amount of \$13.4 billion for a total of \$166.2 billion in 2020–21. This is an increase of 8.7% over the authorities to date.

Note: Authorities To Date and Proposed Authorities include two-year appropriations of \$789,157,005 for Canada Border Services Agency, Canada Revenue Agency and Parks Canada Agency. These three agencies have the authority to carry forward funds approved in 2019–20 to 2020–21. The following chart — Supplementary Estimates as part of total Estimates — reflects only 2020–21 Estimates, so it excludes the two-year appropriations.

#### Estimates to date 2020–21

The 2020–21 Main Estimates were tabled on February 27, 2020, supporting the government's request to Parliament for authority through annual appropriations to spend \$125.1 billion in voted budgetary expenditures and \$87.2 million in voted non-budgetary expenditures. The 2020–21 Main Estimates also presented information on statutory amounts of \$179.5 billion in budgetary expenditures and \$3.0 billion in loans, investments and advances. The Main Estimates were tabled for a second time on September 30, 2020. Responding to the extraordinary circumstances of Parliament since the onset of the COVID-19 pandemic, the House of Commons passed a motion on April 20, 2020 to temporarily modify Standing Order 81, which resulted in extending the study of the Main Estimates until December 2020. Following the prorogation of Parliament and the opening of a new session, the Main Estimates were re-tabled in the House of Commons for Parliament's continued consideration of voted spending for 2020-21.

The Supplementary Estimates (A), 2020–21 were tabled on June 2, 2020 and presented information in support of \$6.0 billion in voted budgetary expenditures. Information was also presented on increases to statutory expenditures of \$80.9 billion in budgetary expenditures and \$200 million in loans, investments and advances.

The Supplementary Estimates (B), 2020–21 were tabled on October 22, 2020 and presented information in support of \$20.9 billion in voted budgetary expenditures as well as increases in limits to non-budgetary expenditures. Information was also presented on increases to statutory expenditures of \$58.3 billion in budgetary expenditures and \$1.3 billion in loans, investments and advances.

The Supplementary Estimates (C), 2020–21 provide information in support of \$13.4 billion in voted budgetary expenditures. Information is also presented on a net decrease to statutory expenditures of \$5.4 billion in budgetary expenditures and an increase of \$200 million in loans, investments and advances.

#### Appropriation Acts in 2020–21

Royal Assent for *Appropriation Act No. 1, 2020–21*, granted on March 13, 2020, provided interim supply to appropriation-dependent organizations to cover requirements for the first three months of the fiscal year.

Royal Assent for *Appropriation Act No. 2, 2020–21*, granted on June 26, 2020, provided additional interim supply to cover requirements until December 2020 to allow Parliament time to complete its review of Main Estimates.

Royal Assent for *Appropriation Act No. 3, 2020–21*, granted on June 26, 2020, provided supply for the spending requirements presented in Supplementary Estimates (A), 2020–21.

Royal Assent for *Appropriation Act No. 4, 2020–21*, granted on December 10, 2020, provided the remaining supply for the 2020–21 Main Estimates.

Royal Assent for *Appropriation Act No. 5, 2020–21*, granted on December 10, 2020, provided supply for the spending requirements presented in Supplementary Estimates (B), 2020–21.

In March 2021, the President of the Treasury Board will introduce a bill to provide supply for the spending requirements presented in these Supplementary Estimates (C), 2020–21.

### Statutory Expenditures Related to COVID-19

In addition to the regular yearly appropriation acts, Parliament has passed several pieces of legislation during the pandemic which authorize related expenditures. Six bills were passed during the first session of the 43rd Parliament: C-12, C-13, C-14, C-15, C-16 and C-20.

**An Act to amend the Financial Administration Act (special warrant) (Bill C-12)** received Royal Assent on March 13, 2020. The Act amended the *Financial Administration Act* to permit that a special warrant, authorizing a payment out of the Consolidated Revenue Fund, could be issued while Parliament was in session but not sitting. No special warrants were issued, and that amendment was repealed on June 24, 2020.

**The COVID-19 Emergency Response Act (Bill C-13)** received Royal Assent on March 25, 2020. This Act provided extensive financial authorities, enacting:

- the *Canada Emergency Response Benefit Act*, which established income support payments to workers who suffer a loss of income related to the pandemic; and
- the *Public Health Events of National Concern Payments Act*, which authorized payments in relation to public health events of national concern. It also provided for the repeal of the Act on September 30, 2020.

The *COVID-19 Emergency Response Act* also amended existing legislation, including to:

- introduce a one-time additional payment under the GST/HST tax credit;
- provide a one-time additional payment under the Canada Child Benefit in May 2020;
- reduce required minimal withdrawals from registered retirement income funds for 2020;
- provide eligible small employers a 10% wage subsidy for the three-month period ending June 19, 2020;
- waive interest charges and payment requirements on student and apprentice loans from March 30 to September 30, 2020;
- give the Minister of Employment and Social Development the power to make interim orders under the *Employment Insurance Act* for the purpose of mitigating the economic effects of COVID-19;
- authorize additional payments to the provinces and territories for the fiscal year beginning on April 1, 2019; and
- authorize the Minister of Finance to make payments to provinces or territories, to make payments or determinations related to the capital of certain Crown corporations (including to Export Development Canada and the Business Development Bank of Canada which administer liquidity supports such as the Business Credit Availability Program and the Canada Emergency Business Account), to make payments for the purposes of promoting the stability or maintaining the efficiency of the financial system, to borrow money and to increase the deposit insurance coverage limit.

The ***COVID-19 Emergency Response Act, No. 2 (Bill C-14)*** received Royal Assent on April 11, 2020. The Act introduced an emergency wage subsidy and set a repeal date of September 30, 2020 for some of the changes to the *Financial Administration Act* enacted by the first *COVID-19 Emergency Response Act (Bill C-13)*.

The ***Canada Emergency Student Benefit Act (Bill C-15)*** received Royal Assent on May 1, 2020. The Act established emergency benefits to students who are enrolled in post-secondary educational programs or who have graduated from secondary school and applied for a post-secondary program.

**An Act to amend the Canadian Dairy Commission Act (Bill C-16)** received Royal Assent on May 1, 2020. The Act increased the maximum amount for loans made to the Commission and for amounts drawn by the Commission from a line of credit.

**An Act respecting further COVID-19 measures (Bill C-20)** received Royal Assent on July 27, 2020. The Act revised the eligibility criteria for the Canada Emergency Wage Subsidy, extended the Subsidy, and authorized a one-time payment to persons with disabilities.

The following bills were introduced in the second session of the 43rd Parliament.

**The COVID-19 Response Measures Act (Bill C-4)**, received Royal Assent on October 2, 2020. It:

- enacted the *Canada Recovery Benefits Act* to authorize the payment of the Canada Recovery Benefit, the Canada Recovery Sickness Benefit and the Canada Recovery Caregiving Benefit; and
- amended the *Public Health Events of National Concern Payments Act* to limit, as of October 1, 2020, the payments under that Act to specified measures, and up to specified amounts. It also postponed the repeal of that Act until December 31, 2020.

**An Act to amend the Income Tax Act (Canada Emergency Rent Subsidy and Canada Emergency Wage Subsidy) (Bill C-9)** received Royal Assent on November 19, 2020. The Act revised the eligibility criteria, as well as the level of subsidization, of the Canada Emergency Wage Subsidy. It extended the Subsidy to June 30, 2021. The Act also introduced the Canada Emergency Rent Subsidy which provides relief in respect of rent and interest on debt obligations incurred to acquire real property used by businesses, charities and not-for-profit organizations.

The *Economic Statement Implementation Act, 2020 (Bill C-14)* was introduced in the House of Commons on December 2, 2020. If approved, the Act will:

- provide additional payments to families with children under the age of six;
- waive interest charges on student and apprentice loans from April 1, 2021 to March 31, 2022;
- authorize payments up to a specified amount to regional development agencies for the Regional Relief and Recovery Fund until March 31, 2021;
- authorize payments up to specified amounts for initiatives related to mental health and substance use in the context of COVID-19, long-term care, COVID-19 testing, virtual care and mental health tools, medical research, medical countermeasures, vaccine funding and development, and border and travel measures and isolation sites;
- authorize income support payments up to a specified amount for the Canada Emergency Response Benefit until March 31, 2021; and
- increase the maximum amount of certain borrowings.

### Major Items

The following is a list of the major voted initiatives, which are included in these Supplementary Estimates to seek parliamentary approval.

#### **Public Health Agency of Canada: \$2,482.7 million**

##### **Funding for medical research and vaccine developments (COVID-19)**

This funding will support research, development and purchases of vaccines and treatments, including advanced vaccine purchase agreements.

#### **Public Health Agency of Canada: \$1,722.3 million**

##### **Funding to acquire protective gear and medical equipment (COVID-19)**

This funding will support the rapid bulk procurement of essential personal protective equipment and necessary medical equipment and supplies on behalf of the federal government, provinces and territories. Federal, provincial and territorial stockpiles will be regularly replenished to meet the growing demands of the COVID-19 pandemic on the health system.

#### **Treasury Board Secretariat: \$1,702.0 million**

##### **Funding for compensation adjustments – Transfers to departments and agencies for negotiated salary adjustments**

This funding will compensate departments, agencies and appropriation-dependent Crown corporations for the impact of collective bargaining agreements, and other related adjustments to terms and conditions of service or employment. The costs arise from agreements concluded between September 12 and December 10, 2020. Funding is also being provided to compensate current PSAC members for general damages associated with the Phoenix pay system and for grievances related to the late implementation of the 2014 round of collective bargaining.

#### **Public Health Agency of Canada: \$536.5 million**

##### **Funding for medical countermeasures (COVID-19)**

This funding will increase domestic capacity in the final stage of vaccine manufacturing, which includes activities such as sterilizing, filling, sealing and labelling vials of vaccines.

#### **Department of Indigenous Services: \$525.7 million**

##### **Funding for the continuation of public health responses in Indigenous communities (COVID-19)**

This funding will be used to address pressures on existing health services, support community-led public health measures to prevent the spread of COVID-19, and establish temporary isolation, assessment, and accommodation structures. This funding will also be used to ensure an appropriate level of health human resource surge capacity, transportation, medical supplies and equipment.

#### **Public Health Agency of Canada: \$522.9 million**

##### **Funding for the Safe Restart Agreement for federal investments in testing, contact tracing and data management (COVID-19)**

This funding will be used to help provinces and territories with the costs of increasing their capacity to conduct testing, perform contact tracing, and share public health data that will help fight the pandemic. Funding will also be provided to improve and modernize the associated data management and information systems.

#### **Public Health Agency of Canada: \$485.1 million**

##### **Funding for innovative research and procurement of testing technologies related to the pandemic (COVID-19)**

This funding will be used to procure test supplies (devices, test kits, consumables) and to develop new tools to assess how the virus is circulating in Canada and to evaluate the impact of various interventions.

**Department of Foreign Affairs, Trade and Development: \$400.0 million****Funding to support the recovery and resilience of developing countries (COVID-19)**

This funding will support humanitarian and development assistance in developing countries to address areas where challenges have been exacerbated by the pandemic: health, education, food security, care work, gender equality and prevention of gender-based violence.

**Department of Indigenous Services: \$383.8 million****Funding for the Indigenous Community Support Fund (COVID -19)**

This funding will be used for community-based COVID-19 prevention and response measures, including support for elders and vulnerable community members, measures to address food insecurity, educational and other supports for children, mental health assistance and emergency response services.

**Department of Public Works and Government Services: \$380.0 million****Funding to provide supplies for the health system (COVID-19)**

This funding will be used to acquire and distribute supplies of key goods and services, such as medical equipment, including personnel protective equipment for a broad range of organizations which are involved in the COVID-19 response or which provide non-medical essential services to Canadians.

**Department of Foreign Affairs, Trade and Development: \$341.3 million****Funding to help developing countries address the impact of climate change**

This funding will be used to contribute to the International Fund for Agricultural Development in support of climate-related projects in developing countries' rural areas and to the African Development Bank for investment in climate change mitigation and adaptation projects.

### Comparison of the Fall Economic Statement and Estimates

The following reconciliation is for the purpose of providing greater clarity on the relationship between the figures presented in the Fall Economic Statement 2020 and the 2020–21 Estimates; and to allow for a more effective comparison and study of how the Estimates cash requirements are derived from the accrual-based budget plan.

### Comparison of the Fall Economic Statement 2020 and Estimates 2020–21

	2020–21 (billions of dollars)
<b>Authorities to Date 2020–21</b>	<b>479.5</b>
<b>Of which:</b>	
Related to COVID-19	159.5
<b>Plus: Items not included in Estimates</b>	<b>147.2</b>
<b>Of which:</b>	
Canada Emergency Wage Subsidy	83.5
Employment Insurance benefits	32.2
Canada Child Benefit	27.9
Other Tax Credits and Repayments	3.6
<b>Plus: Netted Revenue</b>	<b>12.6</b>
<b>Plus: Accrual and other adjustments</b>	<b>2.3</b>
<b>Fall Economic Statement 2020 (Projected Total Expenses for 2020-21)</b>	<b>641.6</b>

### Items not included in the Estimates

The Fall Economic Statement forecast covers the complete scope of the Government's fiscal framework, including revenues, program and tax expenditures, statutory expenditures such as Employment Insurance benefits, and provision for future obligations such as public service pensions. The scope of the Estimates is narrower than the Fall Economic Statement forecast. The main purpose of the Estimates is to support Parliament's consideration of the appropriation bills, which are the legal instruments for authorizing certain payments.

The Estimates are therefore focused on the government's cash needs which require parliamentary appropriations and exclude certain items reported in the Fall Economic Statement. Costs related to Canada Emergency Wage Subsidy, Children's benefits and Employment Insurance benefits are the largest components of the items excluded from the Estimates.

The Canada Emergency Wage Subsidy and the Canada Child Benefit are legislated through the *Income Tax Act* and are considered expenditures for government financial reporting purposes. Parliament does not authorize spending annually for this item or for any other tax expenditure or refundable tax credit.

Most Employment Insurance costs are paid directly out of the Employment Insurance Operating Account, rather than a departmental appropriation, and are therefore not specifically included in Estimates.

### Netted revenues

Certain expenditures are funded through departmental revenues. Accrual expenses in the budget are on a 'gross' basis, meaning the revenues are included in the accrual-based forecast, while they are netted against expenditures in the Estimates.

### Accrual and other adjustments

The Fall Economic Statement is presented on a full accrual basis whereas the Estimates are presented on a modified cash basis. The accrual basis of accounting recognizes income when it is earned and expenses when they are incurred, whereas cash accounting recognizes them when the cash or its equivalent has been paid. As a result, certain items will be reported differently between the two publications. This category also includes costs related to consolidated Crown corporations that are funded from their own revenues, as well as a number of other adjustments necessary to forecast expenses on a fully consolidated basis.

**Structural Changes and Changes to Voted Authorities since the 2020–21 Main Estimates**

The following structural changes have taken effect since the publishing of the 2020–21 Main Estimates:

- The President of the Queen’s Privy Council for Canada was designated as the appropriate Minister for the Canadian Intergovernmental Conference Secretariat for the purposes of the *Financial Administration Act* (Orders in Council P.C. 2020-640 and 641); and
- The Ministers’ Regional Office Program was transferred from the Department of Public Works and Government Services to the Privy Council Office and unexpended appropriations were deemed to be appropriated for that Office (Order in Council P.C. 2020-525).

The following new or amended authorities are sought through the Appropriation Act for these Estimates:

- The Correctional Service of Canada is amending Vote 1 to add the authority to expend revenues that it receives from the provision of internal support services;
- The Department of Citizenship and Immigration is adding Vote 15 for the forgiveness of a debt and Vote 20 to write off debts related to immigration loans;
- The Department of Employment and Social Development is adding Vote 10 to write off debts related to overpayment of government annuities and Vote 15 to write off debts related to student loans;
- The Department of Finance is amending Vote 1 to include grants;
- The Department of Fisheries and Oceans is adding Vote 15 to write off debts related to loans to haddock fishermen and a loan to a producer of frozen groundfish;
- The Department of National Defence is adding Vote 20 to write off debts related to a posting loan and a travel advance and Vote 25 for the forgiveness of a debt; and
- The Public Health Agency of Canada is amending Vote 10 to allow listed grants to be increased or decreased, subject to the approval of the Treasury Board.

## Estimates by Organization

123 organizations are represented in the 2020–21 Estimates. Of these, 58 organizations are included in these Supplementary Estimates: 2 for information only, and 56 for additional Parliamentary consideration.

## Horizontal Items

The items listed in this table are horizontal initiatives and other jointly funded items. Both types of horizontal items involve two or more organizations with a formal funding agreement (e.g. Memorandum to Cabinet or Treasury Board submission). Through horizontal initiatives, the organizations work in partnership toward the achievement of shared outcomes. In jointly funded items, organizations receive incremental funding, and each independently contributes to the realization of the stated objective(s).

### Horizontal Items
