ANNUAL DRILL, 1889-90.

MEMORANDUM BY THE ADJUTANT GENERAL.

The sum voted for drill and training during the financial year 1889-90 was \$250,000, therefore only a portion of the force could be paid for drills performed.

The Active Force, exclusive of the Permanent Corps, numbers 36,395, of which 10,055 are in cities and 26,340 in the country parts. The proportion of the strength of different arms in the cities is Cavalry, 482; Field Batteries, 722; Garrison Artillery, 1,181; Engineers, 134; Infantry, 7,536. In rural parts, Cavalry, 1,462; Field Artillery, 718; Garrison Artillery, 742; Engineers, 45; Infantry, 23,373. The number of officers and men exclusive of the horses of mounted officers of Infantry, and of the officers and men of Cavalry and Artillery, which could be paid, were estimated at 19,225.

The plan adopted, as in years past, was to drill the whole of the city corps, except Field Batteries and Corps which belonged to rural organizations, for 12 days at their local headquarters, and to order as many of the rural corps and field batteries into camps of exercise for 12 days, as, with the city corps, would make up the total strength that the appropriation provided for.

These were distributed amongst the several Military Districts in proportion to the strength of the Active Militia in each, as follows:—

Military District No.	1.....	2,420
do	2.....	3,442
do	3.....	1,858
do	4.....	1,135
do	5.....	2,712
do	6.....	1,287
do	7.....	2,147
do	8.....	1,304
do	9.....	1,932
do	10.....	431
do	11.....	230
do	12.....	327
		19,225

The strength of city corps authorized to drill at their local headquarters was deducted from the total strength authorized for drill; the remainder, which included about one-third of the rural corps in the Dominion, represented the number which could be concentrated in camps of exercise.

With the exception of a few corps in cities, where, on account of the occupations of the men, drill could only be performed during winter and spring, the reports from Deputy Adjutants General commanding districts show that those authorized have completed the drill for the year prior to the 1st of December, 1889.

The accompanying return shows the number of rations of different articles issued at each Camp, the names of the contractors, and the prices paid therefor.

WALKER POWELL, Colonel,

Adjutant General.

Headquarters, November, 1889.
